DISREGARD OF LAW IS NATION'S MENACE

By GEORGE R. HOLMES
CAPITOL PLAZA, WASHINGTON, March 4.—Herbert Hoover inaugurated his presidency today with a challenge and a plea to the American people to obey the laws which they themselves have fastened into the constitution and written into the statutes of the land.

On the selfsame spot where so many of his predecessors have stood and solemnly vowed their hopes and high purposes, the man who is assuming his first elective office became the 30th President of the United States, declared in his first public utterance that the greatest menace to America today is "disregard and disobedience of law."

Direct Challenge
It was no stereotyped plan for law observance that Mr. Hoover made at the outset of his administration—

RAIN ARRIVES ABOUT NOON HOUR

Hoover And Coolidge Are Cheered In Ride From White House To Capitol

CAPITOL PLAZA, WASHINGTON, March 4.—An Iowa orphan boy, who developed into a globe-trotting engineer whose work for many years made him almost a stranger to his own country, became the 30th President of the United States today amid inaugural pomp and pageantry such as the capital has not witnessed in a quarter of a century.

Takes Oath of Office
Bar-headed in the chill March wind, right hand upraised to Heaven, left hand resting upon the Biblical tenets of his Quaker faith, Herbert Hoover took the oath to the highest office in the land while a distinguished company on the east steps of the Capitol sent their cheers and applause rolling wave-like across the crowded plaza.

Two ex-presidents were in that company, something no inauguration has seen before.

Two Ex-Presidents
There was Calvin Coolidge, thus-faced and taciturn, who but a moment before had laid down the burdens his successor was assuming.

There was William Howard Taft, corpulent and jovial, the 26th President, now chief justice, who 20 years ago this murky March day, at the same time and on the selfsame spot, himself took the oath which he today administered to the incoming executive.

Associate justices of the supreme court wore skull caps to protect their greying heads from the rain that not even the roof could entirely keep out of the enclosure, which was open on four sides.

Many Governors Present
The governors of more than half the states were there—the black-robed and venerable justices of the supreme court—frock-coated senators, old and new—diplomats, the representatives of kings, resplendent in their brilliant court uniforms—the incoming and outgoing cabinet officers—the rank of the army and the navy—and out and beyond all of these, standing in the rain, were many, many thousands, perhaps a quarter of a million of the plain people of America by whose suffrage and because of whose confidence the man with the upraised hand was stepping into the first elective office he ever held, which is also the most powerful in the world.

Day's Program Starts
WASHINGTON, March 4.—The curtain rose on Herbert Hoover's inauguration to the presidency shortly before 11 o'clock today.

At 10:40 o'clock, the president-elect, accompanied by Mrs. Hoover, arrived at the White House to find the official

Charles Curtis Takes Oath As Vice President

CURTIS DELIVERS MODEST SPEECH

Curtis Pays Fine Tribute To Dawes; New Senators Sworn In

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, March 4.—Charles Curtis of Kansas was inaugurated today as vice president of the United States.

The general, successful senator from Kansas, who once rode a jockey on frontier race tracks, was sworn into office by his predecessor, Charles E. Dawes, before a distinguished assembly that crowded every nook in the senate chamber. The incoming and retiring presidents, congress, the supreme court and a host of guests witnessed the ceremony.

Curtis achieved the second highest gift within the power of the American people after 38 years in public life. 20 of them in the senate and 14 in the house. His ascension to office held one new note in that it brought for the first time to the vice presidency a man in whose veins runs the blood royal of Indian chieftains.

Reconvenes Congress
Once the oath was administered, Dawes banged his gavel for the last time, adjourned the old senate sine die and turned the duties over to Curtis. The new vice president, as his first act, convened the new senate of the 71st congress in special session and delivered a modest, conservative inaugural address.

In his speech, Curtis paid graceful tribute to the nation's first president, George Washington.

Said Herb to Cal, as he took the oath, "here's luck in whatever you do." Said Cal to Herb as he said goodbye, "old timer today I'm through. I'm through with the job and the grief it brought, through with political greed, through with insurgents and Democrats, and with Senator Jimmy Reed. I'm through with the scandals they tried to build, and through with the old handshake, and Herbie my friend it was quite a task, and many and many an ache, did I have in my hands when the day was done after seeing a million folks, fellows who wanted a post office job, job hunters, also some blokes. So goodbye to you Herb, I'll be back home soon, with a whole lot of time to play, here's wishing you luck as the president, it's forty-five today.

Bible Is Open At Proverbs 29:18

WASHINGTON, March 4.—Herbert Hoover made an eleventh hour change today in the biblical passage upon which he chose to take the oath of office.

He had planned to open the Bible at the fifth chapter of St. Matthew containing the Beatitudes, but he found a passage that suited him better. In Proverbs 29:18, reading as follows, "Where there is no vision the people perish; but he that keepeth the law happy is he."

Mexico Stirred By New Revolt

Eight Mexican States Believed In Hands Of Revolters; Situation Grows Tense

VALENZUELA IS AFTER PRESIDENCY

MEXICO CITY, March 4.—The grim spectre of revolution again cast its shadow over Mexico today.

Simultaneous uprisings were reported in the northern border states and in the central states along the eastern coast. The state of Alisco, directly west of here, is also in revolt, according to unconfirmed reports.

The rebels are believed to be in control of eight states in all. Loyal federal troops here, therefore, are faced with the necessity of being ready to defend the capital on three sides.

President Emilio Portes Gil is taking stringent measures to curb the revolt. He has appointed former President Plutarco Elias Calles secretary of war. Calles is in personal charge of the loyal troops.

Strict Censorship
Strict government censorship of all news dispatches prevails here.

The rebel forces, commanded by General Jesus Maria Aguirre, apparently are in control of almost the entire state of Vera Cruz. The cities of Vera Cruz, Jalapa, Orizaba and Minatitlan are in their hands.

Perote is an important strategic point as it controls access to Vera Cruz.

In the north, General Francisco Manzo apparently holds sway in Coahuila and surrounding states. His troops are credited with having seized

GRACE AND EPWORTH CHURCHES MAY MERGE

Action Started Looking Toward Uniting Of Grace M. E. With Epworth

Informal Discussion Of Plan At Grace Church On Sunday

Following an unofficial action of the Board of Trustees of the Grace Methodist Episcopal church on Sunday morning, March 3, it is highly possible that within a short time the congregation of the Grace church will merge with that of the Epworth M. E. church, the church from which Grace M. E. originally sprung.

The trustees met informally after the church service and after a short discussion of the proposed merger, voted to recommend to the congregation that committees be appointed immediately to confer with similar committees of the Epworth and that the merger be consummated as soon as possible. This recommendation will go before the official board of Grace M. E. tonight and following this, a congregational meeting will be called and the project decided.

Suggested Before
Such a merger has been suggested before. Seven years ago when the Centenary Movement was on, the plan then was to consolidate many churches in Methodism, among them, Grace M. E. it to be merged with Epworth. Nothing was done at the time and the proposal did not materialize. Each year has seen more and more of the families served by Grace M. E. moving to other parts

NOMINEES OF COOLIDGE FAIL TO GET POSTS

WASHINGTON, March 4.—Two hundred President Coolidge's nominations, headed by that of Secretary of the Navy Curtis D. Wilbur to be a circuit judge in California, were killed when the senate adjourned today by failing of confirmation.

Some of the other important appointments that went by the board were:

Ex-Senator Irvine L. Lennox (R.) of Wisconsin to the U. S. court of customs appeals; Henry H. Glasie (D) of Louisiana to the District of Columbia supreme court; Arthur B. Jansky, Jr., of Minnesota, to the federal radio commission; former Governor Pat Neff (D) of Texas, to the United States board of mediation; Forest Norbert as district attorney in Colorado; three circuit judges in the eighth and tenth circuits and four federal judges in New York city. A hundred postmasters and consular appointments also failed.

President Hoover will have the opportunity of filling all these posts.

Joseph Shimp of 411 Cascade street, reported to the police Sunday that his chicken coop had been broken into Saturday night and two fine chickens taken. This is the second time within a few days since his coop has been raided, three chickens being taken on the previous visit. Detective Logan and Officer Lynch made an investigation.

President Coolidge Holds Reception Sunday For Fisher And State Leaders

WASHINGTON, Mar. 4.—Pennsylvania's banners shared honors with the stars and stripes as thousands of residents of the Keystone state, led by more than 250 official representatives, today attended the inauguration ceremonies for President Herbert Hoover.

Headed by Governor John S. Fisher, the Pennsylvania delegation was assigned a special place both on the Capitol plaza, and in the gigantic inaugural parade.

Accompanied by his staff, Gov. Fisher arrived in Washington yesterday and set up headquarters at the Willard hotel. Other delegations from Pennsylvania established themselves at the Mayflower and Lee House hotels. Practically every section of Pennsylvania is represented.

Coolidge Entertain
Gov. Fisher's official activities began Sunday afternoon with a reception at the White House given by President and Mrs. Coolidge in honor of visiting state executives. In the evening he attended a similar reception arranged by the official inaugural committee. Still later he and his party were guests at dinner of Senator and Mrs. David A. Reed of Pittsburgh.

Coolidge Up Early, Spends Final Day As Nation's Chief

President Calvin Coolidge Goes To His Desk Early To Clear Up Business Matters

WASHINGTON, March 4.—President Coolidge started his last day as the nation's chief executive early today. He arose at 7:30 and White House guards soon saw him taking his usual brisk walk around the southern grounds of the mansion. Then he had breakfast and appeared at the executive office at 9:35, to clear the last affairs of his administration.

John Coolidge, dropped in upon his parents this morning and remained with them a half hour. He appeared for the first time here in the uniform of a major of the Connecticut National Guard.

Pair Meet Death In Tragic Manner As Plane Topples

War Ace And Student Flier Killed Instantly As Plane Falls

BELIEVE STUDENT "FROZE" TO CONTROL

Police And Firemen Work Frantically To Extricate Plane From Mire

NEWARK, N. J., Mar. 4.—A boy in the Newark meadows, where a war ace and a student flier crashed to their deaths yesterday when the student "froze" to the controls of a biplane, presented an eerie scene early today. Rescue crews, working under the glare of powerful floodlights, toiled and hauled in a vain effort to pull the plane from the two feet of mud into which it had plunged from a height of about 250 feet.

The dead fliers lay in their mucky grave throughout the night while firemen, police and even a switching engine of the Jersey railroad on a nearby siding were unable to pull the plane to dry ground. Finally it was decided to drain the bog.

Hundreds of spectators gathered to watch the rescue work, some of them now and then sinking knee-deep into the treacherous mud.

"Froze" To Controls
The victims were Joseph W. Imbriaco, 21, a student flier of Elizabethtown, N. J., and Lieutenant A. Veyton Schenck, 33, of Plainfield, N. J., an ace who brought down two German planes in the World war. Schenck had won the distinguished service cross.

Witnesses said the erratic behavior of the plane indicated the student flier had become panicky and "froze" to the controls. The plane dropped like a plummet. Had they not been killed instantly, the occupants would have soon smothered to death in the sea of mud.

When the bodies were partly uncovered it was seen that the instructor and the student had fought a tragic battle in the skies for control of the plane. Clutched in Lt. Schenck's hand was a fire extinguisher. It was believed he had attempted to stun the apparently panicky student into insensibility so that he could grasp the controls himself and right the falling plane.

LINDBERGH CRASH PICTURES AROUSE ROGERS' PROTEST

(Special To The News)
NEW YORK, March 4.—I thought when we read that Mexico had ordered the pictures of the Lindbergh accident destroyed they did one of the nicest things that ever was done. But leave it to us to steal out some and go to any expense and means to get them before the public.

Mexico knew what harm it would do aviation and they also didn't want to see such a hero's picture with a smashed plane. We all know he would much rather have not had them used.

If newspapers ever owed anybody in the world anything, they owe it to that boy. He has furnished them with the only hundred per cent clean topic they have had in two years.

Yours, WILL.

PA NEW OBSERVES

Spring is almost here. School boys have been out playing with tops now for several days. One of the unflattering signs, that of a group of youngsters hunched around a ring containing marbles, seems absent this year. The boys don't seem to care for marbles like they used to.

A sign of approaching summer was the idea of Pa New last night as he was journeying out of the city. A young rabbit jumped out of some bushes with his ears pricked up as if someone was making an attempt to catch him, as we were about passing him he made a risky dive for his hole.

Well, the high water scare is about over. The rivers, bubbling to the bank rims a few days ago, are now nearly back to normal. It is observed.

Today the auto dealers are removing the cars out of The Cathedral.

Dawes Defiant In His Final Speech

Charles Dawes Retires From Vice Presidency In Same Arrogant Mood As Four Years Ago

"I Take Back Nothing" Shouts Dawes Before Senate Session Today

WASHINGTON, March 4.—I take back nothing. That was the defiant cry of Charles Dawes, vice president of the United States, as he retired from the office of vice president today. He was the first to leave the office of vice president since the death of Woodrow Wilson in 1919. He was the first to leave the office of vice president since the death of Woodrow Wilson in 1919. He was the first to leave the office of vice president since the death of Woodrow Wilson in 1919.

At the "age of priming," he said, "there should be nothing of ceremony in our act and there is none in my life." But I would not be true to myself if I did not speak again of the collective error of this greatest legislative body in the world, the senate, which under its rules has paraded with its power to alter its time according to its importance of the matters under consideration.

Senator Bruce of Maryland, a retiring Democrat, attempted to interrupt with applause but Dawes raised his voice to a higher pitch and thundered "I take back nothing."

He punctured the air with blows from a closed fist.

The chamber burst into applause, senators rising with laughter. His warning this time was good naturedly in strange contrast to the silent, frowning indignation that greeted a similar statement four years ago.

Placing the cars and handling the show was only part of the work. The route car, the horse and the sheep club is a tedious one.

We are reminded of the fact on inauguration day that we have a pretty good job to live in after all. With the exception of perhaps a dozen persons from the city seeing the new president take his office, the rest of the ceremony goes on as though nothing were happening.

There, embryonic ones, will be whooping it up on the local aviation fields. A gang of young men from the city are starting to study aviation and first-hand flying. If you see several planes cutting the corners over the city you will know that it's some of the young bucks who scared the folk out of their wits with automobiles just a few years ago.

If the new air mail stop is secured for this city a plane will be a daily visitor—in fact, a visitor four times a day. We might add that even if it does come four times each day it will not wear out its welcome.

caravan of the year, the mild weather bringing out a flock of cars.

Pennsylvania is given second place in the lineup of states in the inauguration parade at Washington today because of the fact that this state was second to ratify the Federal constitution some 141 years ago. Delaware was first to ratify and consequently had first place in the line today. New Jersey followed Pennsylvania.

President Hoover's inaugural speech is printed in full in this issue of The News. Read it.

Announcement is made of the plans for a city-wide contest for the selection of the marble champion of the city, as conducted by the Ben Franklin High School H-Y organization, is one that will attract widespread interest among the boys and girls of the city. The would-be champions will get into mid-season trim at once.

Thousands in New Castle heard the inauguration day address of President Hoover over the radio. In many of the schools, special receiving sets were erected so that pupils of the schools could listen in on the ceremonies. Pa News will hazard a guess that we heard Hoover's speech right here in New Castle in a great deal more comfort than those who were in the crowds at Washington.

A sign of approaching summer was shown the other day when several young men averaging around 18 to 20 years old were seen gathering around a circle in school grounds and spinning tops just like little youngsters. The scene was down on the South Side.

We noticed that William Shippe, one of the morning trip street car operators on the Highland line, seemed rather exuberant this morning and thus being so much different from usual, we took the liberty of asking him why. His explanation was brief and to the point. "Well, you see, this is my birthday and all presidents take the oath of office on their birthday. It's not many persons who can claim the distinction of having a birthday on the same day as a president is inaugurated."

Some other events that show the approach of spring is several boys flying their kites at an early hour, boys spinning tops, playing different games, and several girls jumping rope.

Today as I understand it, the day in which Mr. and Mrs. Coolidge March 4th from the White House. Birds and pigeons are plentiful in New Castle. So thinks Pa News who was traversing a church and saw several hundred pigeons and birds making their homes on top of this old church. At this time the bird species were busily engaged building their homes on the steeple of the church.

The Senior High school band under Bandleader John E. Paton furnished special numbers at the New Castle Erie Central basketball game on Saturday evening at the Senior High gym. The music was enjoyed by all, likewise the game which New Castle easily won.

CHARLES CURTIS TAKES OATH AS VICE PRESIDENT

(Continued From Page One)

tribute to the man he succeeded but he likewise administered to Dawes an indirect dig by declaring the vice president had nothing to do with revising the senate's rules. This assertion came in sharp contrast to that of Dawes four years ago when the latter ridiculed the senate's rules, attacked them as "subversive of fundamental, conservative government" and demanded their revision.

Praises Dawes. Whereas Dawes was audacious and blunt, Curtis was conservative and tolerant. Then Dawes pounded his desk and shouted his defiance of senate tradition; Curtis observed all the amenities and customs.

Despite this disagreement of views, Curtis praised his predecessor. He declared Dawes had fulfilled his duties with "credit and distinction."

His speech concluded, Curtis immediately administered the oath of office to those senators elected or re-elected last November. Then he banged his gavel again and the assembly adjourned to witness the inauguration of Herbert Hoover on the east portion of the capitol.

MEXICO STIRRED BY NEW REVOLT

(Continued From Page One)

Nogales, a town near the American border, Gov. Topete of Sonora is said to be supporting Manzo.

It is understood that the purpose of the revolution is to place Gilberio Valenzuela, former minister to Great Britain, in the presidency. He recently announced his candidacy and violently denounced Portes Gil's policies.

Plans for the revolt appear to have been laid with the utmost care. In both Sonora and Vera Cruz, the rebels were supposedly loyal federal troops. In addition to Vera Cruz, Sonora and Jalisco, the states said to be in revolt are Chihuahua, Durango, Nayarit, Coahuila and Sinaloa.

Lindy and Anne Safe.

Col. Charles A. Lindbergh, Miss Anne Spencer Morrow, his fiancée, and the latter's parents, Ambassador and Mrs. Dwight H. Morrow, were expected to come here from Cuernavaca road. They had intended staying at the Morrow country home until tomorrow, but it is believed they will return to the security of the American embassy owing to the startling developments.

All communications between this city and Vera Cruz have been severed. Many Americans who reside in the coast city and are here on business, have been separated from their families.

The revolt has resulted in bustling military activity here. A strong guard has been thrown about Chapultepec castle, the residence of the president. Troops on trucks and field artillery are seen everywhere bound for secret destinations.

Gen. Generals Manzo and Azueta are famed throughout Mexico as Indian fighters.

Admits Revolt.

In a signed statement issued to the press President Portes Gil today admitted the existence of a revolt in Vera Cruz and Sonora, but declared it an unjustified and unpatriotic intrigue on the part of General Jesus Maria Azueta and Francisco Manzo. He added that public opinion was behind his government and asserted that the revolt would soon be stamped out.

Praises Dawes. Whereas Dawes was audacious and blunt, Curtis was conservative and tolerant. Then Dawes pounded his desk and shouted his defiance of senate tradition; Curtis observed all the amenities and customs.

Sharkey-Stribling Fight Pictures

Penn Theatre Will Also Show Talking Pictures Starting Today

New Castle theatre patrons will not have to journey out of New Castle to see real talking pictures, as the Penn Theatre is now equipped with the Phonophone, which will enable this theatre to show all talking pictures, regardless of make.

The writer of this article after hearing the try out of the phonophone at the Penn theatre thinks it as perfect in reproduction as is humanly possible.

Attend the Penn theatre tonight, and see George Bancroft in "The Wolf of Wall Street," also the great singing and talking comedy, "The Lions Roar." Extraordinary added features are the "Penn Metropolitan Presentation" all in dialogue, songs, music and latest Paramount News, showing the Jack Sharkey and Young Stribling fight pictures taken at Miami, Florida.

Ellwood Newspaper Men In Accident

Three Cars Participate In Accident On Ellwood-Beaver Falls Road

ELLWOOD CITY, Pa., March 4.—Harold Burns, advertising manager of the Ellwood City Ledger and Richard Barton circulation manager of the same publication, were somewhat injured about 11 o'clock this morning when their machine was hit head on by a Paige machine enroute toward Beaver Falls, and a truck of the Wayne Lumber company of this city which was following the machine in which the newspaper men were riding crashed into the rear of their machine.

Messrs. Burns and Barton were enroute toward Ellwood City at the time their machine was badly damaged as it was caught between the other two machines.

They were brought to the Ellwood City hospital where it was found that they had sustained no broken bones but had suffered a severe shock, numerous cuts and other minor injuries, which will keep them in the hospital for a short time.

Y. W. C. A. Notes

Children's Gym Class. Thirty-two children of the Saturday morning Y. W. gym class had a glorious time last Saturday. Instead of the class at 9:30 as usual, the class was called for 10:30. After which the children had their lunch in the gymnasium.

Following lunch the children, through the kind generosity of Speer Morosius, manager of the Penn and Regent theatres, enjoyed, "Annapolis" at the Regent.

A special feature is scheduled for this class the first Saturday of each month. The first Saturday of April, instead of having the monthly lunch the children voted to have a "kid party."

Juanita Club. Mrs. John Gaston, Bleakley avenue.

Induction Ceremony. Induction ceremonies for the senior high school H-Y club will take place this evening at the Y. M. C. A. A supper meeting will start at six o'clock and this will be followed by an elaborate ceremony.

NIGHT NURSE SOON ENDED SEVERE COLD

Almost Instant Relief Came When Doctor Advised Method Used In Homes of Many Here

Realizing the needless misery and risk so often caused by neglected colds, doctors are now advising a quick method that gives almost instant relief—then ends the cold completely in a few hours.

And now Mrs. Edith Healy, hospital nurse, like numbers of people here, realizes how needless it is to take chances on a cold when relief can be had so quickly and pleasantly.

Long hours of duty as night nurse—frequent trips from warm gloom to duty that night, the doctor reports, and in a day or so all traces of the cold were gone.

Just a few pleasant spoonfuls of Ayer's Pectoral, now and then, and you will feel like a different person tomorrow. Endorsed by all druggists.

Ayer's Pectoral. Most instant relief. She felt its comforting, soothing warmth from her nose flowing deep down into her chest. By night her fever was reduced from 106° to normal and congestion in her head rapidly clearing up. She was able to rest.

Rentz Gives More News About Folks In Florida

Giving more interesting news of New Castle and Florida, New Castle people who are in Florida at the present time, the following letter was sent by Fred L. Rentz, President of the News Company, on the eve of his departure from Florida for Washington, D. C. The letter follows:

Orlando, Florida, Feb. 28, 1929.
Jacob F. Rentz, Esq.,
Manager The News,
New Castle, Pa.

Dear Sir:

I wrote you the last time just as we were leaving St. Petersburg for Orlando. I attended the Rotary meeting in St. Petersburg just before we left and Rex Patch was with me. Howell Getty and Wm. McLaughrey of New Wilmington, were also at that meeting.

Rex Patch brought us to Orlando and we had a nice ride in his luxurious limousine. One of the places we came through was Plant City. You can get all kinds of plants in that burg and we saw big baskets of ripe tomatoes standing alongside boxes of tomato plants offered for sale.

We saw a lot of sunken gardens along the road and most any one of them would sink me if I tried to have one like them.

I noted what you said about what Louie Round told you about his knees. I did not know that Scotchmen took more care of their knees than women do of their faces. I am sorry that people are kidding Louie more about his knees being dirty than they do about his being a better singer than the Scott I compared his knees with Louie's all right whether his knees are clean or not.

While the weather in the south is very hot in places it is just as hard to start an automobile in the morning as it is on a cold morning in the north. There is something about an auto that is effected no matter where it is.

Yesterday we saw a lady who must have been over sixty years of age and she was dressed in the deepest mourning we have ever seen. Her skirt was at least four inches above her knees and we naturally wondered what she was in mourning for.

There are many new and strange things in the world and no doubt by next summer there will be two pants bathing suits.

This hotel, the Fort Gatlin, was owned by Mrs. Grace Phillips Johnson, but is now owned and managed by her son, Charles, Jr., and Carl Hall. Mr. and Mrs. Hall are living here. This is a good hotel and this is the third time we have stopped in it. The boys are making good with it and are always pleased to see people from New Castle and vicinity.

We called on Dr. Trauer on Sunday morning. He seemed to be getting along in good shape. His many friends in New Castle will be glad to know that he is getting along all right.

One of the first chaps we called on when we got here was E. E. McGill. He has a big bank and we might need him before we leave here. Mrs. McGill and their daughter Martha are all here.

We called at the home of Mr. and Mrs. Charles Bryan. Mrs. Bryan's father, Samuel Gibson, lives with her. He is 93 years old and is still full of pep and talks about New Castle and things going on there. He has been my friend for over fifty years and I would go a long way to see him. He used to live on the Butler road where he had a wonderful farm and on the side was one of the best brick-layers in his time. He said he could have laid some brick all right before he had the flu this winter. We were glad to see him and the Bryan family.

When Maurice McClure and the Long boys and their wives visited the Bok and sanctuary on last Sunday they noticed a chap who was selling the books about the sanctuary there had a copy of The New Castle News lying beside him. When they asked him who he was he said he was H. R. McMurray, and his home was near Harlansburg, Lawrence Co. He

was looking into the tank of his car the other day and when the explosion was over he had lost a perfectly good pair of whiskers sprinkled with gray.

We have noticed that him and her are both found around a skirt.

We still have the cane we won at the county fair in St. Petersburg and we do not know what to do with it.

We had a fine surprise on Monday evening. Our good friend, John W. Offutt, assistant general superintendent of the National Tube's company's big plant at Ellwood City, Pa., came up behind us and made his presence known. He is here for a couple of weeks of rest. We are spending a lot of time visiting with him while he is off the golf links.

Three banks busted in one town in Florida recently and we heard the barbers were charging 50 cents for a shave because the faces of the men were so long there.

We attended the Rotary club meeting here on Wednesday. William M. Vinton was our guest. Harry White of Uniontown, district governor of the 33rd district in Rotary, of which New Castle is a part, was also at the meeting. He seems to be following me around.

We are leaving here Friday afternoon at 3:05 for Washington, D. C. We are going to see Hoover inaugurated even if we did not see him nominated. We hope the Democrats in the Republic county committee at home do not feel hurt because we are going to be there on inauguration day.

Mr. and Mrs. S. S. Griffin of Orlando, friends of ours, took us out to their home on Wednesday evening to listen to the fight returns on the radio. Mr. and Mrs. Griffin are known to some New Castle folks. They are real natives, both having been born in Orlando.

The following is a list of New Castle people who are either visiting or are staying here permanently. We are not guaranteeing the correctness of the list or the correctness of the spelling of the names.

Mrs. Grace Phillips Johnson and her sons Tom and Charles and daughter Winifred.

Mr. and Mrs. E. E. McGill and daughter Martha.

Samuel Gibson, Civil war veteran 193 years of age, formerly a gentleman

farmer and bricklayer in New Castle, the most always laid brick around public works where the best bricklaying was required and that is the kind he always did.

Mr. and Mrs. Charles Bryan and son Paul. Mrs. Bryan was Grace Gibson before her marriage and has lived all her life in New Castle.

Mrs. Edna Miles.
Mr. and Mrs. W. M. White.
Mr. and Mrs. Carl Hall.
Mrs. J. C. Norris.
Miss Myra McBride.
Mr. and Mrs. Benjamin Beisel.
Mr. and Mrs. C. E. Draper.
Mr. and Mrs. M. A. McClure.
Mr. and Mrs. Dave Long.
Mr. and Mrs. George Long.

Mrs. Edward King and daughter.
Mrs. Margaret Fowler.
Mrs. Marie Alken and daughter.
Francis and son Robert.
Mr. and Mrs. Wilbur Anderson and daughter Geneva.
Mr. and Mrs. Leonard Peterson.
Miss Peterson.
Mr. and Mrs. G. G. Stulminger.
George Hodgkinson.
John W. Offutt, Ellwood City.
Dr. and Mrs. E. E. Bittles, Miss Lizzy Bittles and Marian Himrod of Waterford, Pa.

Mrs. Hogue.
Mrs. Grace Phillips Johnson is always entertaining a company of New Castle people in her beautiful home here. She is a gracious hostess.

Mr. and Mrs. Carl Hall have a nice home near the Fort Gatlin hotel and Mrs. Hall makes it her business to be all attention for her many New Castle friends.

We are proud to have the pleasure of both of these fine ladies who still call New Castle their home, except for the short time they spend here in the winter. And no one can blame them for doing that.

On Thursday at noon I was the guest of George Hodgkinson at the noon luncheon of the Orlando Shrine caravan. It was a wonderful meeting with nearly a hundred tea wearers present.

R. O. Wright, Miss Irene Brisbane, Mrs. Eva Walker and Lewis Miller of New Castle are connected with Mrs. Johnson's home here for the winter. Mrs. Carl Hall entertained the New Castle ladies at a luncheon bridge on Thursday.

Will be home about the middle of next week. Oh, when de doodie wham. Also rowdy-dee-dow-dow-Ohmish.

Loveingly,
DAD.

INAUGURAL HEARD AT ROTARY CLUB
Hear Address Over M. & D. Public Library Reports Increasing Demand For Religious Volumes
Radio; Usual Business Meeting Occurs First

Through the courtesy of J. E. Moore, head of the M. and D. Radio Company, members of the New Castle Rotary club listened to President Hoover deliver his inaugural address at Washington today. The M. and D. has installed a powerful radio in the Castleton dining room for the convenience.

Preceding the inaugural was the club's regular monthly business meeting during which committee chairmen gave their reports. Herbert Pears, manager of the Cathedral and president of the Civic Music Association, made a talk in which he urged the support of Rotary for the latter musical organization.

A number of guests were present at today's meeting and listened to the reports of the chairmen and the inaugural address of the new chief magistrate of the nation which followed.

Two Are Killed In Pittsburgh When Gas Truck Upsets

Gasoline Truck Upsets, Killing
Two Occupants, Fire Dam-
age Is \$30,000

(Special to The News)
PITTSBURGH, March 4.—The lives of two men were snuffed out here in a blazing gasoline truck which caught fire when it struck a curb and overturned. Sheets of flame arose from the spilled gasoline and caused property damage estimated today at \$30,000.

The dead men are William M. McGlaughlin 39, and John E. O'Brien, McGlaughlin leaves ten children and his widow. A five-year-old son and widow survive O'Brien.

Police have not determined positively what caused the truck to catch fire after it turned over yesterday noon. The most plausible theory is that a spark formed by the metal sides of the tank sliding over the pavement produced the necessary ignition.

Efforts of police, firemen and volunteers proved futile of extricating the doomed men from the blazing wreckage.

College Students From Nine States

(Special to The News)
NEW WILMINGTON, Pa., March 4.—Eight states and Pennsylvania are represented on the rolls of Westminster college this year, a study of the recent catalog shows. Of the 553 students at Westminster this year 497 are from the Keystone state.

Other states represented are: Ohio, 33; New York, nine; New Jersey, eight; Missouri, two; Maryland, one; Illinois, one; Indiana, one; and Massachusetts, one. New Castle leads the towns sending students to the United Presbyterian school with 93 students claiming that city as their home. Of this group 20 are members of this year's graduating class.

Extending a Vote of Thanks

We, the New Castle Automobile Dealers Association, hereby extend to the general public our hearty and sincere appreciation for the loyal support accorded the Auto Show held last week.

We also desire to especially thank the New Castle News for their liberal co-operation, and others who assisted in making this show a success.

We believe that the public was more than pleased with the displays at the Auto Show as well as the entertainment provided for this occasion.

While every effort was put forth by the dealers association to make this show an outstanding event, the results were so gratifying that plans are already in progress for a still greater Auto Show in 1930.

Life even one used whole for business or professional purposes, and capital expenditure and for reduction. The cost of gasoline, repairs and upkeep of an automobile is deductible if used only in business. It is used partly for business and partly for pleasure and entertainment, such cost should be apportioned accordingly. The proportion of cost must be attributable to business purposes deductible as a necessary expense.

Your Income Tax

No. 24
Inquiries received by the Bureau of Internal Revenue indicate confusion in the minds of the writers concerning the difference between business expenditures and business expenses. Business expenditures are not always business expenses and therefore deductible within the meaning of the income tax law. A merchant may add an addition to his store at a cost of \$25,000. This is a capital expenditure for an addition to his assets. Capital expenditures are not deductible.

State Legislators Face Stiff Battle Over Gasoline Tax

Solons Appear Divided On Support Of Measure Asking Four-Cent Increase

Governor John Fisher And State Treasurer Lewis Take Opposite Sides

By WILLIAM E. BROWN
International News Service Staff Correspondent
HARRISBURG, March 4.—The legislature this week will know just how far Governor John S. Fisher will back the proposed four-cent gasoline tax. After knowing that they cannot avoid making definite alignments, so far the governor has taken the attitude that he will submit the bill which is now being prepared but that he will not insist on its passage. If he does insist, then the members of the legislature must decide whether they will stand by the present governor or the man who is believed to have the best chance of succeeding him, State Treasurer Samuel S. Lewis.

The entrance of Lewis into the increased tax controversy has served to make more difficult the choice which legislative members must make. Lewis has announced his intention of fighting the measure to the finish. The public appearance of Aaron B. Hess, speaker of the house and administrative leader, urging a high tax is taken to mean that the governor now favors the measure more than he so far has indicated publicly.

Deluged By Letters
Members of both houses are being deluged by protests from organizations of every kind. Motor clubs, business organizations, automobile dealers and individuals have had a mania for passing resolutions and writing letters ever since the tax was first mentioned.

The present situation is an exact duplicate of the one that prevailed at the last session so far as the public is concerned. Everyone seemed

to be against raising the tax to three cents. No one publicly was for it. But the measure passed just the same.

Now it is proposed to raise it to four cents with reductions freely made that the increased measure of highway department activity will make necessary additional increases each two years.

So far members of the legislature have shown disposition to take the attitude which usually marks the second session of a governor's term. In that place.

The legislature already has passed measures creating two additional judgeships. It intends to pass the majority of the measures backed by the salary survey commission, making many increases in the personnel and salaries of public offices. The governor will fill a number of those jobs. He also can make a lot of them vacant if he desires.

Any member who hopes to return at the next session must keep at least one eye on the governor. If it becomes necessary to keep the other eye on the man who may be the next governor then the situation is a lot more difficult. Second session legislators never fail to think and act with at least one eye on the man who seems to stand the best chance of succession.

NOGALES, MEXICO, In Throes Of Revolt

Ten Thousand Additional Rebels Marching To Join Insurrection Group

NOGALES, SONORA, Mexico, March 4.—Gripped in the throes of a new revolution, Nogales today awaited the arrival of ten thousand additional armed rebels to reinforce the military regime which has seized control of the border city and declared itself in open insurrection against the federal government.

Extreme tension pervaded the streets of the city as armed revolutionists, under the leadership of General Manuel Aguilar, tightened their hold on every government department and effected organization for combat against a loyalist military expedition, reported forming in Mexico City.

Rain Holds Off Until Noon Hour

(International News Service)
WASHINGTON, March 4.—Leadens skies continued to drape the capital at noon today and completely hid the sun after the arrival of the inaugural party at the capital.

Rain predicted by the weather bureau was expected sometime before 3 o'clock with a heavy fall later in the day.

NEW PRESIDENT CHALLENGES PEOPLE TO OBEY LAWS

(Continued From Page One)

It was a direct and personal challenge to the ordinary law-abiding citizen to quit buying bootleg liquor.

And he was addressing not only the thousands immediately in front of him, but tens of millions who constituted his radio audience.

There would be little traffic in illegal liquor if only criminals patronized it," he said.

"No greater national service can be given by men and women of good will—who, I know, are not unmindful of the responsibilities of citizenship—than that they should, by their example, assist in stamping out crime and outlawry by refusing participation in and condemning all transactions with illegal liquor.

"Our whole system of self-government will crumble if officials elect what laws they will enforce or citizens elect what laws they will support."

Pledges Determined Effort
For his own part the new President pledged determined and unflinching efforts to secure better enforcement. But in the same breath he admitted that no efforts by the government can be successful without the co-operation of the average man and woman.

The measure of stress that the government shall attain, he said, "will depend upon the moral support which you, as citizens, extend."

As a start toward clearing up the prohibition mess Mr. Hoover proclaimed his intention of appointing a fact-finding commission "for a searching investigation" of the whole structure and as a further step he proposed the transfer of enforcement from the Treasury to the Department of Justice.

The importance with which the new President regards the prohibition and law enforcement situation was exemplified by the fact that he devoted nearly a third of his inaugural address to it—and the first third, at that.

The only other subject to receive such extended treatment was world peace.

For World Peace
"I covet for this administration," he said, "a record of having further contributed to advance the cause of peace."

And to this end, he proclaimed America's willingness to "take a practical part in all useful international undertakings," made a "sincere offer" to the world powers to engage in further limitation of armament, and expressed a hope that a way will be found for the United States to fully subscribe to the world court.

He recognized American aversion to the League of Nations by observing that "our people have determined that we should make no political engagements such as membership in the League of Nations."

For the benefit of those foreign governments that profess to doubt American good faith, he declared that this country seeks no territorial expansion and no domination of other peoples, whether in this hemisphere or any other.

Such purposes," he said, "are repugnant to our ideals of human freedom."

To American business he spoke reassuring words. The policy of his administration, he said, will be to let business alone. The election, he observed, "has again confirmed the determination of the American people that regulation and not government ownership is the course rightly to be pursued."

The larger purpose of our economic thought," he declared, "should be to establish more firmly stability and security of business and employment."

and thereby remove poverty still further from our borders.

From the election that elevated him to his high office, the new president drew numerous "mandates." Some of these he conceived to be:

"The maintenance of the integrity of the constitution."

"The vigorous enforcement of laws."

"The continuance of economy in public expenditures."

"The continued regulation of business to prevent domination in the community."

"The denial of ownership or operation of business by the government in competition with its citizens."

"The avoidance of policies which would involve us in controversies with foreign nations."

"The more effective reorganization of the federal government."

"The expansion of public works."

"The promotion of welfare activities affecting education and the home."

These he said "constitute the more tangible determinations of the election, but beyond them was the confidence of the people that he would not neglect the embedded ideals and aspirations of America" which he incorporated to include equality of opportunity, freedom of public opinion, integrity in public affairs, the perfection of justice, the strengthening of the home and denial of class domination.

"Ours is a land rich in resources," he said, in conclusion, "stimulation in its glorious beauty, filled with millions of happy homes, blessed with comfort and opportunity."

"I have no fears for the future of our country. It is bright with hope."

"In the presence of my countrymen, mindful of the solemnity of this occasion, knowing what the task means and the responsibility which it involves, I bid your tolerance, your aid and your cooperation. I ask the help of Almighty God in this service to my country to which you have called me."

Murder Case Is Taken Up Before Grand Jury Today

Attorneys S. L. McCracken And Joseph Leta, Jr., Appointed To Defend Mrs. Moore

Louis Rudessil of Union township was appointed counsel of the grand jury which convened at the court house this morning to consider the indictments prepared by District Attorney J. Elder Bryan. After several had been excused by Judge Hildebrand it left a jury composed of seven women and 11 men.

The first case presented by District Attorney Bryan was that of the commonwealth against Jessie Moore, charged with the murder of William Jones at Wampum. The alleged murder occurred on February 17 when it is claimed that Mrs. Moore shot Jones through the heart.

Mrs. Moore has not been able to get any money with which to hire an attorney to defend her, and the court this morning appointed Attorney S. L. McCracken and Joseph Leta, Jr. They will not have anything to do with the case before the grand jury, but will defend Mrs. Moore when the case comes up for trial some time during the next two weeks.

Refuses New Trial But Grants Motion To Annual Verdict

Opinion Handed Down By Judge Hildebrand In Case Of Lewis Against Star Market

In the case of David H. Lewis against James and Gust Takagants, proprietors of the Star Market on Long avenue, Judge Hildebrand handed down an opinion today in which a new trial was refused, and a motion for judgment notwithstanding the verdict was granted.

This was a case in which Lewis brought suit against the proprietors of the meat market to recover damages for injuries sustained when he fell down a trap door in the Star market. The jury in the case awarded Lewis damages in the amount of \$600. This verdict is set aside by the court's opinion and the prothonotary is directed to enter judgment for the defendant and against the plaintiff.

Councilmen Plan For Improvements

Projects To Be Undertaken During Summer Are Discussed In Council

Councilmen today convened in City Hall and approved plans and specifications for proposed 1929 municipal projects. The council, however, delayed authorizing the city clerk to advertise for bids. It is probable that bids will be asked in April or as soon as the city realizes sufficient revenue from taxation.

The projects which the plans and specifications cover follow:

Repairing Crawford avenue between East Main street and Croton avenue. Aniesite is to be material employed in the repairing.

Repairing West Washington street between the city line and a point 155 feet east of the center line of Sankey street.

Repeating Croton avenue between the East Brook road and the city line. Sanitary sewer: East Brook road in Dewey avenue to intersection of East Brook road and Croton street, thence east on East Brook road 610 feet.

Storm sewer: Meyer avenue east to the city line.

Sanitary sewer: Vogan street from the first alley east of the East Brook road to the city line.

Slope walks: Boyles avenue bridge over Rural avenue.

The last two sets of plans and specifications was approved last fall.

72 Years And 10 Months Is Average Age Of Pensioners Retired By Pennsylvania

Pensions paid by the Pennsylvania Railroad in 1928 amounted to \$5,083,540, an increase over the previous year of \$427,759. This is shown in the annual report of the pension department issued today. During the year 1,128 employees were retired under the pension provisions and 869 retired employees died.

The total number on the pension roll at the close of the year was 9,059, a net increase of 61.

The average age of all pensioners as of December 31, 1928 was 72 years and 10 months. Among the retired employees there are 57 men who were in active service for fifty-five or more years prior to their retirement. In this group, the record for the longest term of active service is held by Simon Clary, who was a maintenance of way inspector in the office of the general superintendent of the eastern division at the time of his retirement on June 1, 1925. Mr. Clary was in active service 61 years.

Under the regulations of the Pennsylvania Railroad pension department, which was established in 1900, retirement is compulsory for all officers and employees upon reaching the age of 70. Employees between the ages of 65 and 70 may be retired if incapacitated for the performance of duty.

The amount of pension paid by the company of one per cent of the average earnings of the last 10 years of

active service thus if a man enters the company's employ at the age of 20 and retires automatically at 70 he has 50 years of service to his credit and his pension is substantially half that of an employee who received retirement a certificate signed by the President of the Company and those who have been in active service fifty or more years also receive a gold button. During the 28 years of the Department's existence the total pension payments have exceeded \$58,000,000 exclusive of the department's operating expenses which the company also bears. A total of 21,936 employees have been retired in this period and transferred to the company's roll of honor, as the pension list has been called for many years.

Brighter Colors To Mark Spring Attire For Men

LONDON, March 4.—Youthful Londoners whose spring fancies lightly turn to thoughts of clothes will find a general tendency toward brighter suitings according to Bond Street tailors. Said one clothes authority: "Grey will be the predominate color,

silver greys and greys with faint stripes.

"Double-breasted jackets will still be worn, but the three-buttoned single-breasted coat will be more popular, and the collar softly rolled. The coat will be buttoned only on the middle button, and will be cut fairly long.

"A single-breasted waistcoat will be worn with it, as the double-breasted one is going more and more out of favor.

"Both turn-up and turn-down trousers will be worn, also cut long and breaking with the shoe. Trousers will be fairly wide, but nothing approaching Oxford bags will be seen."

There will be a few changes in men's shirts and shoes. The verdict is that colored shirts will remain popular, because they are easy on the laundry bill, but the tight soft collar will give way to larger and looser neckwear.

"Ties will be gay—but not glaring."

Sixty Five Persons Lose Auto Licenses

(International News Service)
HARRISBURG, March 4.—Sixty-five persons lost their automobile drivers' license during the week ending February 28, the Department of Highways announced today.

Intoxication continued to lead the infractions of the motor code, 22 persons losing their licenses of this charge. Eighty licenses were revoked on charges of reckless driving while seven revocations resulted from transporting liquor and six from being involved in a fatal accident and failing to make a report.

Fatal accidents resulted in only four revocations during the week, the Department's report said.

Among those who lost their licenses on charges of intoxication were Frank Boots, Carbondale; J. E. E. Mullen, Lewistown; Max F. Fickinger, Easton; Thomas H. Close, Uniontown; Tony Esbeck, Ambridge; and Frank White, Pottsville.

Jay Hibbard of Chester, Giovanni Guardiani of Easton and Martin J. Cusick of Scranton, lost their licenses on charges of transporting liquor. The license of Gardner Mills, of Chester, was revoked on the grounds that he was unable to interpret traffic signals.

Transferred

Forced to vacate their lease at 203-205 East Washington street, Nieman's, one of the old established ladies wear firms of New Castle, announced today that they have purchased the lease and business of the Lillian Shoppe at 209 East Washington street, immediately adjoining.

They are making preparations to move at once to their new location, where they will welcome their old patrons as well as new customers. No interruption in business is planned while the change is taking place.

Nieman's have always been known as the largest ladies cloak and suit house in New Castle, and they will continue to live up to their reputation for honest dealing and style supremacy in their new home.

The Nieman name was first brought to New Castle forty years ago, when they were located a few blocks west of Mill street on Washington. Later they moved to the rooms formerly occupied by the Winter Co., considerably expanding their business at that time. Today, they occupy an enviable position among New Castle business firms, which they will endeavor to continue.

Legion Planning Intensive Drive For New Members

Need Of Co-operation Never
Greater Than At Present
Says Rosenthal

Plans for an intensive membership campaign, which it is hoped will bring many new members into the fold in addition to those who have always been active is now being planned by the Perry S. Gaston Post, American Legion.

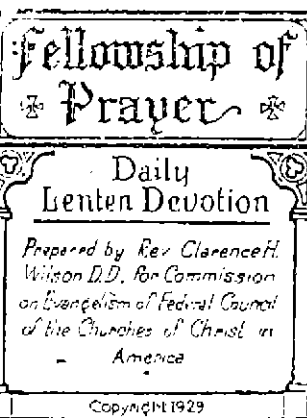

"Never before in the history of the Legion has the need for membership been greater than at the present time," Dr. H. H. Rosenthal chairman of the membership asserted today.

"So many new and vital problems confront the ex-service man that renewed and continued effort along these lines must be made. The American Legion has the most of the worth-while legislation for the betterment of conditions among the disabled men."

"The American Legion forced the government to investigate and clean out the veteran bureau; it was responsible for the passage of the Adjusted Compensation law; it fostered and put over a campaign for an endowment fund to care for the orphans of ex-service men and many other worthwhile movements."

"But the work of the Legion is not yet done," Dr. Rosenthal points out. "Today thousands of disabled men are in need of attention. Hospitals are full and red tape prevents many who are worthy of attention from receiving it."

"All this calls for concerted action from the American Legion, because of its large membership it is given recognition in its demands. For this reason, every ex-service man should be a member of the American Legion because there is greater strength in greater numbers."

Memory Verse for Monday

"I exhort therefore, that, first of all, supplications, prayers, intercessions—be made for all that are in authority" (1 Timothy 2:1, 2). (Read: Romans 13:1 to 7.)

MEDITATION: Today a new president of my country is inaugurated. Whether I voted for him or not, he is now my president. As such he is entitled to my loyal respect, and to my humble prayers for divine guidance and support to be given him. Let me not forget this as a part of the duty of the Christian citizen.

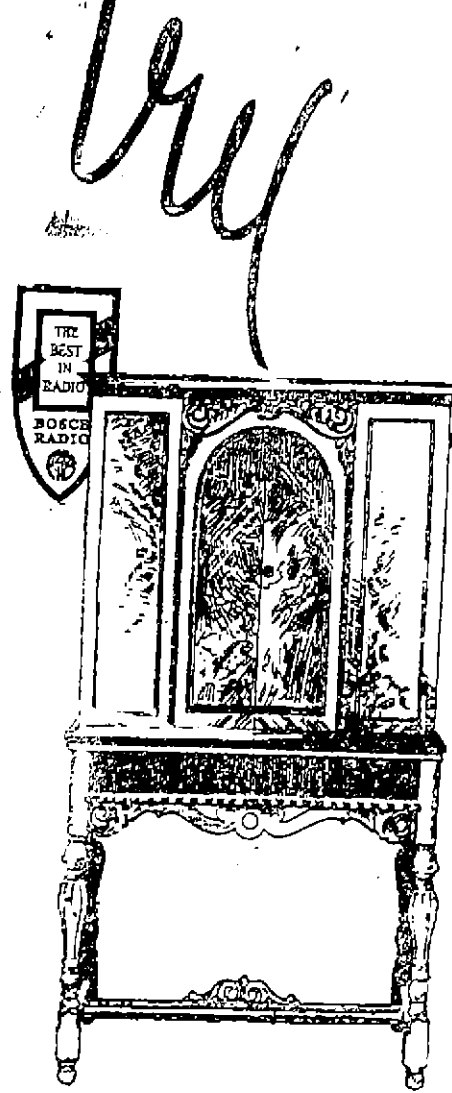

PRAYER: Almighty God, ruler of all nations, Judge of all men, we humbly beseech thy blessing upon him who has been called by the voice of the people to be the chief magistrate of our beloved country. Endue him with wisdom and with the fear of the Lord which is the beginning of wisdom. Let the spirit which was in Christ Jesus reign in his heart that in righteousness and in charity he may rule over us. Guide him in the way of justice that we and all nations may have peace. In the name of Him who is King of Kings and Lord of Lords. Amen.

Three Negroes Die In Electric Chair At Rockview Today

Three Erie County Bandits Are Executed In Rockview Prison This Morning

WERE CONVICTED OF KILLING GROCERYMAN

(International News Service) ROCKVIEW PENITENTIARY, BELLEFONTE, Pa., March 4.—Three youthful negroes, two of them brothers, died in the electric chair here today for a murder and robbery which netted them \$30.

The trio, James Parker, Raymond Parker and John H. Wilson, all of Erie, died silently in quick succession, repeating only the prayers intoned for them by the prison chaplain. The three with another youth were convicted of the murder of Pellegrino Cocco, on the night of Nov. 29, 1927, in Erie.

James Parker was the first to go to the chair. He crossed the corridor from the death cell and was seated in the grim chair at 7:01 a. m. First contact was applied at 7:02, and he was pronounced dead by prison physician A. L. Hickok at 7:05.

He was followed by his brother, Raymond, attended as was James by prison chaplain Father F. K. McCree. Raymond was strapped in the chair at 7:07. The contact was applied at 7:08, and six minutes later he was pronounced dead.

Wilson, the man who actually fired the lone shot which snuffed out Cocco's life, was the last to die. He was placed into the chair at 7:15, and the lone contact was applied at 7:17. He was pronounced dead by Dr. Hickok at 7:21.

Bodies Are Claimed Wilson was the ninth man from Erie county to die in the chair since it was substituted for the rope in Pennsylvania executions. The bodies of all three youths were claimed today for relatives.

The negroes shot Cocco when they entered his bedroom after ransacking his house. Awakened by the prowlers, Cocco reached for a revolver under his pillow and Wilson shot him dead. The men fled, but Raymond Parker and Wilson, arrested several weeks later in Erie on a robbery charge, confessed the murder, implicating the other Parker and Joe B. Ware, a sixteen year old boy.

All four were convicted of murder in the first degree, but because of Ware's age and the fact he was not in the Cocco home at the time of the shooting, the jury recommended life imprisonment for him.

Council for the three negroes made desperate efforts to save them. After being refused a new trial the case was carried to the supreme court, where an appeal was refused. They were to have died Jan. 26, but counsel took their cases to the pardon board, claiming that the negroes had the mentalities of children and were irresponsible. This plea also availed them nothing, and today they died.

The three negroes embraced religion while awaiting execution.

Republicans Hold Paper Majority In New Senate Body

New Seventy-First Congress Reconvenes Today With 54 Republicans Seated

(International News Service) WASHINGTON, March 4.—The Republicans had an overwhelming paper majority but an actual control threatened again by the insurgent balance of power when the new senate convened this afternoon in the first special session of the 71st congress.

The new senate lined up with 54 Republicans, 33 Democrats, one Farmer-Laborite and two vacancies. The vacancies will be filled by Republicans—one from Kansas to succeed Vice President Charles Curtis and one eventually from Pennsylvania to fill the seat of William S. Vare. Republicans therefore will have a paper majority

of 16 votes but this number includes from eight to ten insurgents, who seldom vote with the administration on controversial issues.

Bidding Slow For Property Offered At Sheriff Sale

Nearly All The Properties Are Bought In By Those Issuing Executions

Bidding was slow at the court house this morning when Sheriff H. M. Reynolds and Deputy William Reynolds, offered eleven properties for sale under the hammer. In nearly all of the cases the mortgages and judgments were so high that the plaintiffs had to bid in properties to protect themselves. The amounts of bids in most cases was small.

Sales of properties were made as follows: Glen A. Fearall property in Union township to Edwin E. Marshall; Mrs. A. G. Stevens property, sixth ward, to L. Warner; Helen Elmer property, third ward to J. Richard Boughter; T. E. Smith property,

Mayor Asks New Cars For Police

Need Will Be Investigated By Councilmen And Action Recommended

COUNCIL ASKS WHY PATROL IS NOT USED

Mayor William H. Gillespie today requested colleagues in formal session at city hall to make arrangements for the city to purchase two automobiles for police department use. One of the cars would be a seven passenger and the other a five passenger car. Councilman Tyler offered a motion which was seconded and carried asking the mayor and Councilman Burns to conduct an investigation and make a recommendation to council, something which Burns voted against.

When the mayor broached the purchase of the cars Councilman Reeves said he deemed it best if the Mayor would not actually purchase the cars until April. Mayor Gillespie agreed the cars should not be purchased until next month.

"We have a couple of cars to purchase, too," said Reeves. He plans, he said to secure a car for the assistant commissioner of streets and a "second hand" car for his use as superintendent.

In discussing the proposed purchase of two automobiles for the police, Reeves raised the question as to whether the city should buy two police cars or one police car and a patrol.

He remarked that if the patrol is too big and cumbersome the city might turn the car in and secure another patrol.

"We could have it gone over but the city mechanic is too busy for him to overhaul and fix the car up," said Mayor Gillespie.

"Could we put a 'bee' on one of the other cars?" asked Burns who said: "It is difficult to get cheapskape persons into touring cars."

"What about the old patrol?" asked Councilman Tyler.

"They use patrol 'wagons' in other cities," reminded Davies.

"It might be turned into a truck," responded Burns.

"The result of using the police cars for all kinds of police work has caused us to buy a new car almost every year," said Tyler.

"They are 'banged up' as the result of police trying to put obstreperous persons into the cars," said Burns.

He amplified his statement by declaring that some of them fight, grab and that some doors have been torn off, cushions ruined.

"And every man has a different way of driving the cars, too," remarked Reeves.

DEAR WIFE:

I arrived here last night at 8 o'clock nearly two hours behind time. I found all well and anxiously waiting for me. George is quite well but never received either my telegram or letter from Washington. I am instructed to remain here and act on my second order, operative written this department. I send forward three hundred men on next Monday from Crab Orchard. The men from the general hospitals are arriving rapidly. The others I commence calling next week. It will take me some time to get it all done. We are busy as sailors today. Dick Craven is here and is pretty well. He goes forward next week with the troops. I will write again day after tomorrow. In haste, affectionately your husband,

Conference And Institute For
Young Men At Tarentum
Next Week

Plans are about completed for the first annual Western Pennsylvania Young Men's Conference and Institute to be held at Tarentum under the auspices of the State Young Men's Christian associations of Pennsylvania on March 8, 9 and 10. It will be the first such affair ever attempted by the Y. M. C. A. in this section.

"Building for the Future" will be the theme of the three-day meeting, at which noted leaders in various fields of endeavor have been secured to speak. The Tarentum Y. M. C. A. will be the official headquarters of the conference while sessions of the conference will take place in the Trinity Lutheran church.

J. E. Sproul, New York City, National Council Secretary related to young men's work, has been secured to lead the institute. Mr. Sproul is recognized as one of the keenest thinkers in the Association movement, being editor of the Home Work bulletin as well as a member of the faculty of the Eastern Association summer school at Silver Bay.

Other speakers and forum leaders include Cameron Beck, personnel director of the New York Stock Exchange; N. V. E. Zeigler, personnel director of the Aluminum Company of America; and Sherwood Eddy, the former two employ hundreds of young men each year and are in constant touch with the interests and problems of young men. Eddy will discuss the subject of social hygiene and marriage and lead the discussion on Saturday evening.

Side features of the conference will

Star of Wales and Martha Lodges of the True Ivorites of America are busily engaged at the present time in making preparations for the annual National Convention of the True Ivorites of America, which will be held here in August of this year.

While the number of delegates expected is approximately fifty, the indications are that there will be a large additional number of visitors in the city during the holding of the convention, which is the 58th annual event of the organization. This will be the third occasion on which the National Convention has been held in this city, the last national convention held here being that of 1918. It is hoped to make the visitors feel most welcome and have them have a pleasant time while in the city.

IDENTIFIED DEED.

The crowd milled and surged about the morgue. A new body had been brought in. A murdered man. Suddenly a dazed gentleman pushed the throng and into the building. He spoke quietly to the caretaker and was admitted into the inner recess. Shortly he reappeared.

"Was he your brother?" asked the caretaker.

"Yes," came the sorrowful answer. "But how did you identify him?"

The man wiped away a tear as he chockingly replied, "He was deaf."—Annapolis Log.

NEARLY 100 IN SENIOR CLASS AT WESTMINSTER

Total Enrollment At College This Year Is 553; Record For All Time

Local College Is Steadily Increasing Attendance Year By Year

(Special To The News) NEW WILMINGTON, Pa., March 4.—The net enrollment at Westminster College for the year, according to figures announced in the new edition of the catalog, just off the press, is 553 as against 549 for last year.

This figure is the largest in the history of the United Presbyterian school and indicates the general growth of the college which has followed development along all lines of educational endeavor in the institution.

Of the total number, 95 are members of the senior class, 24 more than that of last year. The junior class numbers 117 students, or five more than last year. In the sophomore class there are 128 students as compared with 147 last year. The freshman class, due to the fact that a number of students had to be dropped, numbers 171 students as compared with 165 last year. Four students are registered as "college specials" as compared with five of this classification on last year's roll.

In the music department of the college, 49 students are listed. Of this number, 26 are also enrolled in regular college classes. The graduate course for teachers, which meets Saturday mornings, numbers 17 students.

Pennsy Department Pays Huge Amount

Relief Division, In 1928, Paid Over Five Million To Employees

The employees' voluntary relief department of the Pennsylvania Railroad paid in 1928 a total in benefits of \$5,330,953. Of this amount \$1,838,084 was disbursed for death benefits, \$2,083,333 for sickness and disability benefits, and \$609,536 in the form of superannuation allowances to increase the pensions of retired employees who are members of the association. These facts are brought out in the annual report of the department submitted by the superintendent, E. B. Hunt.

The voluntary relief department was organized on February 15, 1886 as a permanent agency for welfare work on the Pennsylvania railroad. Its primary purpose is the maintenance and management of a relief fund from which employees can obtain for themselves and their families through the payment of small monthly sums, cash benefits in the event of death, sickness or accident as well as superannuation allowances.

Another important feature of the department's program is the maintenance of a staff of more than 160 physicians and surgeons stationed throughout the system and whose services are available to employees without cost. The company bears the entire cost of operating the department thus leaving dues available for the payment of benefits.

Since its organization 43 years ago the department has paid a total of \$101,715,917.00 in benefits and allowances. At the close of 1928 there were 172,507 employees of the Pennsylvania Railroad system holding membership in the voluntary relief department.

Booster Club To Meet On Wednesday

The next meeting of the New Castle Booster Club, which was formed last week, will be held Wednesday evening at eight o'clock in the city council chambers.

Deep enthusiasm was shown at the meeting last Wednesday, the attendance being more than double that of the first meeting, when the project was broached. Many more new members are expected to attend and affiliate with this latest organization for the progress of the city.

The project committee, which was named last week, will undoubtedly have several projects which the club can go to work on immediately.

ENDED 13 YEARS OF SUFFERING FARMER CLAIMS

Dieting And Many Medicines Failed, But Ten Herbs Swept Away Ailments.

When a medicine can completely end ailments that have persisted for 13 years and have refused to yield to many other medicines, it must have

MR. ALFRED KELLY

amazing power. That is just what Ten Herbs, the modern natural medicine, did for Mr. Alfred Kelly, Box 13, Route 2, New Alexandria, Pa. (near Greensburg), according to the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 30 East Washington St., this city, where he is daily demonstrating this successful preparation to men and women of all ages and walks in life.

"For 13 years I had suffered from indigestion and other ailments," said Mr. Kelly, who is a farmer. "I tried dieting and used different medicines during those years, but never got satisfactory relief until I began taking Ten Herbs. I was seldom free from gas and pains in my stomach, and was subject to headaches and dizzy spells. There were sharp pains in my back, and at times the pains in my legs and ankles were terrible. I could hardly get out of bed or move about. I became nervous, and could not sleep well."

"After reading about Ten Herbs in the paper, I started using it. I did not have much hope of your medicine doing me any good, and therefore was surprised at the quick results it gave me. My appetite is good, and I can eat almost anything without having any bad after effects. The pains are gone from my back, legs and ankles. Nervousness has disappeared, and I sleep well. I am in fine health in every way, for which I give Ten Herbs all the credit. Your medicine made me well in a short time, considering the years I had suffered."

Ten Herbs consists of ten wonderful herbal ingredients, which not only relieve disorders of the stomach, liver, kidneys and bowels, but have a cleansing, soothing, correcting effect on the whole human system.

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington St., this city, where he is daily meeting the public and explaining the merits of this medicine.

Swick Pleased At Approval Of Jones Dry Bill

Local Congressman Voted For Drastic Dry Enforcement Measure

(Special To The News) WASHINGTON, D. C., March 4.—Congressman J. Howard Swick is pleased with the enactment of the Jones bill to provide for increasing the maximum penalties for violations of the national prohibition act to a fine of \$10,000 and five years imprisonment.

When the bill was passed by the House by a vote of 284 to 90, Congressman Swick balloted in favor of the passage of the measure.

"I feel that the passage of the measure will tend to cause many persons who are inclined to violate the prohibition law to hesitate before they actually break the law," Congressman Swick said in commenting on the desirability of the Jones bill. "The provisions of the bill are aimed primarily at professional bootleggers. Of course, the maximum penalty may also be inflicted upon first offenders, but I have sufficient confidence of the judges of our country to believe that they will not mistreat first offenders through the authority extended them by the enactment of this bill."

A Million Dollars a Day

POLICIES which cover Home Life

POLICIES which cover Business Life

Metropolitan Life Insurance Company

EVERY business day in 1928, the 26 million policyholders of the Metropolitan Life Insurance Company, who are its sole owners, added a million dollars to the great reserve fund needed for their protection against the hazards of life and business—present and future.

Happily, more and more persons have a new understanding of what life insurance promises, what it can do and what it does do. They are learning that it does many different things equally well.

While the original purpose—to take care of the breadwinner's dependents in event of untimely death—has never been lost sight of, today life insurance is largely and directly concerned with the business of living.

Few Absent Or Tardy At New Bedford School

Pupils neither absent nor tardy at the New Bedford school for the month of February are many, considering the amount of sickness that has prevailed.

Teachers and pupils of the school are hoping for a speedy recovery of Miss Anna M. Cummings, teacher, who has been sick for the past two weeks. Mrs. P. Shields has been substituting for her during her illness.

The boys of the school are after Gene Tunney's crown at the present time, since boxing has become a favorite pastime during the last week.

Attendance Record
Following are the pupils who were neither absent nor tardy during February:
First and second graders—James Bryer, Albert Doyle, Thomas Fisher, Albert Genkinger, Clyde Graziop, Sammy Lawrence, Albert McRoy, Ellwood City, March 23.

Dr. Caldwell's 3 Rules Keep You Healthy

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time regardless of how much one tries to avoid it. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the most delicate system and is not a habit forming preparation. Syrup Pepsin is pleasant-tasting, and youngsters love it. It does not grip. Thousands of mothers have written us to that effect.

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for human beings to put into their systems. In a practice of 47 years he never saw any reason for their use when a medicine like Syrup Pepsin will empty the bowels just as promptly, more cleanly and gently, without griping and harm to the system.

Keep free from constipation! It robs your strength, hardens your arteries and brings on premature old age. Do not let a day go by without a bowel movement. Do not sit and hope, but go to a druggist and get one of the generous bottles of Syrup Pepsin. Take the proper dose that night and by morning you will feel like a different person.

Get a bottle today at any druggist and observe these three rules of health: Keep the bowels cool the rest of the week.

Dr. Caldwell M.D. AT AGE 83

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

Announce City-Wide Marble Competition

Ben Franklin Hi-Y Club To Sponsor School Contests This Year

GIRLS AND BOYS ALIKE CAN ENTER

A city-wide marble tournament in which any New Castle schoolboy or schoolgirl of 14 years of age or under will be eligible to enter. To be sponsored sometime during the middle of May by the Boys' Hi-Y club of the Ben Franklin Junior High school, was announced this afternoon.

Marble tournaments of the kind that is being planned here have been held throughout the country. In the larger cities especially have the contests been outstanding school affairs. Now it is the intention of the Hi-Y club of Franklin to put over a contest in New Castle, and this they have started out to do. All junior high and grade schools in the city will enter.

Handsome prizes will be awarded the winners of both the school and city championships. In this, Jack Gerson, local jeweler, has taken the first step in promising for the city winner a beautiful silver loving cup, and for the different school winners other attractive championship gifts.

Responsibility for the tournament is being shouldered by the members of the Junior High school Hi-Y. Within the next few weeks or so letters announcing the plan of the coming competition, and asking for the cooperation of all the schools, will be sent to all principals. Following this definite information in regard to the tournament will appear in The News from time to time, allowing the mar-

ble players in the contest to know what's doing.

Ever, according to tentative arrangements, it is planned to have all marble players of the different schools meet to determine the 10 winners of their respective schools, at places near the school or other tournament points assigned. This meeting will take place on Saturday, April 27.

With the ten winners picked from each school the contest will then proceed to its final stages and on a day to be announced later, probably during the first of May, each of the 10 winners from the school will meet at the Ben Franklin playground for the semi-final. On that day the winner of each school will first be decided and then the champion for the city. Both meets will be held on the one day, or if plans are changed, the grand final may not occur until a later date.

One other factor in the eligibility of contestants is that which terms as ineligible any boy or girl having more than two D's on their last grade report. Here it can plainly be seen that scholarship ability is almost equally as important as their ability to "shoot marbles."

It is planned to publish in the issue of The News under date of March 6 the first installment of the rules for the contest. All rules must be obeyed and should any attempt be made to break them the contestant, or contestants will be disqualified.

Additional information concerning the contest might be had by writing the Ben Franklin club, addressing all communications, "Marble Contest Manager, B. F. H. Hi-Y, Benjamin Franklin Junior High New Castle, Pa." Information will gladly be given there.

Boys and girls, interested in the proposed contest, are asked to watch The News. The first series of the contest rules will be published in next Friday's issue and after that from time to time.

TRIVIAL OFFENDERS RELEASED FROM JAIL

UNIONTOWN, Pa., March 4.—No longer is the Fayette county jail to be a dumping ground for prisoners charged with trivial offenses. The county prison board today announced that in the future no man or woman charged with trespassing, being habitual drinkers or vagrants would be admitted at the county bastille and that between 40 and 50 of this class of prisoners would be turned out tomorrow.

Many of these prisoners have so far spent a most comfortable winter in the prison where they have been well fed and comfortably housed.

DANDRUFF

Soon Destroys the Hair

There is one sure way that never fails to remove dandruff completely, and that is to dissolve it. This destroys it entirely. To do this just get about four ounces of plain, ordinary liquid arvenol apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most of not all of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffier, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvenol at any drug store and four ounces is all you will need. This simple remedy never fails.

LIFE EXTENSION INSTITUTE
1. Keep out of crowds all you can.
2. Remove germs from hands as often as possible.
3. Get plenty of rest, sleep, exercise, fresh air and something to eat and drink.
4. Avoid exposure to cold winds, especially when tired.
5. Fortify yourself to resist the flu by having a health examination the day by having a health examination.
6. If you have the real flu don't take home remedies—call a doctor.
7. Be careful to convalesce properly. It is a danger period.

Family without sickness for years.... mother tells secret

"I'm so grateful to LIFEBOUOY and its wonderful antiseptic lather," says Mrs. J. H. Doerres.

"I'm so grateful to Lifebuoy for the way it helps me keep sickness out of my home, I feel I owe it a word of praise."

"A doctor hasn't visited us in years. I have four children—all healthy—that other mothers have told me they envy me. I naturally attribute a great deal of their robust health to my care in guarding against germs."

"In play as well as in other daily tasks, our hands are very apt to pick up germs and pass them to the mouth. So it's one health rule we all observe in this home—wash up with Lifebuoy right after work or play and again before eating. I'm sure this habit of removing germs has saved us many a sick day."

"Lifebuoy is so clean-smelling, it makes one feel so clean and refreshed that we'll enjoy using it."—Mrs. J. H. Doerres, 3925 Fillmore St., St. Louis, Mo.

Welsh Tea Party Is Great Success

Nearly 500 Attend Observance
Of St. David's Day At
Congregational
Church

COUNCILMAN DAVIES CHAIRMAN OF EVENT

Welsh Tea Party held Saturday evening at the First Congregational church under the auspices of Star of Wales and Martha Lodges of the True Iovites of America in observance of St. David's Day, was an unusual success, with more than five hundred people in attendance and enjoying the excellent dinner and tea and program that was presented in the auditorium of the church, following the dinner.

The program presented in the auditorium of the church with Councilman D. O. Davies as chairman of the evening was interesting and most pleasing to all attending.

The musical numbers were especially enjoyable and the speakers of the evening, Rev. Samuel Whilding, pastor of the First Congregational church and Rev. W. E. Jones of Shenandoah, Pa., proved equal to the occasion, bringing forth interesting and timely facts concerning the occasion observed and the part that the Welsh nation has played in the affairs of the world.

The program as presented follows: Star Spangled Banner. The Audience: the selection—Hen Wlad fy Nhadau; Solo—Evan Hopkins; original poem—W. A. Johns. Brython; solo—Mrs. R. T. Morris; mass singing; solo—Daniel Hughes; duet—Mrs. David Clement and Mrs. R. T. Morris; readings—William F. Williams; solo—Mrs. William Bludorn; original poem by William J. Davis, now in Florida and read by Evan Hopkins; selection—Young Men's Bible class of the First Congregational church; addresses—Rev. Samuel Whilding and Rev. W. E. Jones of Shenandoah, Pa.

The accompanist of the evening was Mrs. John M. Evans, while the music conductors were Grit Thomas and Evan Hopkins, all of whom acquitted themselves with real skill. The success of the occasion was due to the great outpouring of the people of the community to the affair and the work done by the various chairmen, chairladies and committees of men and women from the Star of Wales and Martha Lodges of the True Iovites of America.

Those In Charge

Those to whom this credit is due are as follows: General chairman, Thomas Grey; chairman of the concert, Councilman D. O. Davies; reception committee, Mrs. Charles Henry, Mrs. Charles T. Morris, Grit Thomas, Thomas Thomas and Henry Thomas; treasurer, Mrs. William P. Williams; secretary, Miss Florrie Davies; program committee, Grit Thomas, H. T. Jones, Thomas D. Thomas, W. A. Johns, and Evan Hopkins; chairlady of the banquet, Mrs. Thomas Thomas; team or table captain, Mrs. Grit Thomas, Mrs. Sol Davies, Mrs. Evan Hopkins, Mrs. Thomas Sullivan, Mrs. William Jones and Mrs. James Davies; pouring tea, Mrs. David Matthews; Mrs. David Lewis, Miss Lucrécia Gibbon, Miss Margaret Davies, Mrs. Carl Turner, Mrs. Griffith Lewis and Mrs. Robert Newell; making the tea, Mrs. William P. Williams; cutting hams, Mrs. John P. Morgan, Mrs. John Coughlin and Mrs. Henry T. Jones; cutting the bread, Mrs. Reese Price, Mrs. Thomas Grey, Mrs. John Williams and Mrs. Emrys Thomas; cutting the cake, Mrs. William Richards and Mrs. Ann Davis.

Thousands Attend Annual Auto Show

Some 7,500 People Attend Sessions Of Second Annual Show Here Last Week

WILL HAVE SHOW DURING NEXT YEAR

The second annual and big three day New Castle automobile show, which took place Thursday, Friday and Saturday of the past week, closed Saturday at midnight at The Cathedral building on Lincoln avenue. It is estimated that some 7,500 people attended at least one of the days of the show.

The show, which is the second to occur here and to be sponsored by the local automobile dealers association, was a success in every way. Acclaimed the finest and largest show in the district and beautiful beyond description with its cars, booths of accessories and other wares and floral decorations.

Today the members of the automobile dealers association are removing the 100 cars by the way of the tedious and dangerous route up over the drive way which was constructed on The Cathedral West lawn.

Workmen began operations toward the removing of the cars before eight o'clock this morning and it is expected that every car as well as the accessory and other booths will have been taken away before late this afternoon.

On Saturday, some 4,000 people found their way into the immense Cathedral to view the cars and to hear the entertainment program. In the afternoon, the New Castle high school band gave a concert, while the evening was filled with music, dances and comedy.

Arch Cubbison directed an orchestra during the evening's program, and the little Misses Alberta McCormick and Dorothy Fletcher, accompanied by Metty Rea, featured the program with song and dance. The comedy sandwiched the other entertainment features.

Plan Show
When asked whether or not another show would occur during the coming year, A. C. McCoy, president of the local dealers association, stated that it surely would. "We are more than pleased at the reception of this year's display, as was also the case last year," said McCoy. "We will start planning immediately for a greater show for the coming year."

The show this year was opened Thursday afternoon by Mayor W. H. Gillespie following a new car parade, and the formal inspection of the displays.

Officers of the dealers association are A. C. McCoy, president; Anthony Marino, first vice president; Ray Hall, secretary; and L. C. Johns, treasurer.

The show was in charge of general show committee chairman, Joe Rick and his assistants James P. Copp and A. C. McCoy. Other committees were made up of W. M. Snyder, James Barnes, T. E. Chambers, Louis Guntton, Stanley Whildon, George Rodgers, Frank Phillips and Anthony Marino.

Much credit for the success of the show is also given to other members of the association and to every employee who worked on the decorating and placing of cars.

DEAR BROTHER LION:
Our entertainment committee has asked me to disclose the program for tomorrow. I can tell you this much.

March 4th is Inauguration Day at Washington, but for us March 5th is the day. We will seat the president properly.

There is an additional feature on the program that is of vital interest to us.

Come and see.

Yours very truly,

THOMAS I. ELLIOTT,

Secretary.

IDENTIFY BODY OF CRASH VICTIM

EAST LIVERPOOL, O., March 4.—The body of a woman who was struck and killed at the Ohio-Pennsylvania state line, east of here, by an automobile driven by Edward Murphy, of Midland, Pa., was identified today as that of Mrs. Mary Little, 26, of East Liverpool. The identification of the victim whose neck was broken, was made by her husband, Roy Little. She also leaves three children.

Congratulations Mr. Hoover

.....and Best Wishes for an
Administration Blessed
with All that is Good and
Worthwhile

"MAN doth not live by bread alone," says the
Scripture, nor is a nation's strength dependent upon its physical prosperity. Its spiritual qualities are no less important than its material power. . . . The people of America recognize in you, Mr. Hoover, a great leader who will safeguard their physical well-being, while maintaining on the highest plane the splendid idealism handed down to us as a birth-right from the Fathers of our Country. . . . May God grant you strength to achieve that which in your wisdom shall be the happy portion of a great nation.

To Be Recognition In Future Life

Rev. Geo. M. Landis Of First
Baptist Church Discusses
After Life

"Practically all the reference in the Bible to the future life, not only imply but also demand the mutual recognition of those who are sharing that life," declared Geo. M. Landis, last night at the First Baptist church, in his sermon on the subject: "Will we know our loved ones in heaven?"

"The universal hope that there will be mutual recognition in the next life," continued the speaker, "is presumptive evidence in favor of the doctrine, for we cannot think that God would place such a longing in the human heart, only to mock it."

Mr. Landis cited many passages of Scripture relating to heaven, which clearly imply that those who are able to recognize each other. "The redeemed are spoken of as the family of God, whether they are on earth or in heaven; and their ultimate destiny is the Father's house," continued the preacher. "The use of such familiar and tender figures is certainly to convey to us the thought of sweet fellowship and communion between members of the heavenly family in the Father's house," asserted the preacher. "If this be not so," he added, "language has lost its meaning to me." He then showed that the employments of the redeemed in heaven, such as worship, praise, dominion, judgeship, service, necessity.

CROSSING CRASH

IS FATAL TO TWO
PARKERSBURG, W. Va., March 4.—Two persons were killed and three others injured when their automobile was struck by an interurban street car on a grade crossing at Viroville, near here.

The dead are William Page, 55, driver of the car, and Donald Lang, 30, both of Parkersburg, employees of the Baltimore and Ohio Railroad. The injured were Mr. and Mrs. William Schneider and Mrs. Ted Partridge, all of Parkersburg.

MILK PRICES ARE REDUCED AT GREENVILLE

GREENVILLE, Pa., March 4.—Consumers of milk in Greenville had an agreeable surprise this week when it was announced that the price would be dropped to 12½ cents per quart by the Greenville Dairy company, which serves the majority of residents. This brings the rate to 2½ cents per quart less than Pittsburgh and vicinity prevailing price, and is lower than any of the nearby towns.

FARMER MURDERED WHILE GOING HOME

CHESTER, W. Va., March 4.—Believed to have been murdered while on his way home, the badly battered body of Jacob McBee, 38, farmer, was found along the Fairview road, near here, today by Walter Smoot. McBee's neck and nose were broken, his right shoulder dislocated, his face scratched and his head bruised. The body was found in weeds about a half mile from McBee's farm at Locust Hill.

Will Irwin says that the soviet agents in South America are noisy but shy of money. That's what makes 'em noisy.

"Putting a comic strip in the Congressional Record," remarked Caustic, "is my idea of painting the street car on a grade crossing at Viroville, near here."

Bumsteads Worm Syrup

"Children are a real joy to me," says Mrs. J. J. Bumstead, of Viroville, Pa. "I have used Bumstead's Worm Syrup for my children and it has done wonders for them. It is a real health-giving medicine and it is so easy to give. See a Dr. C. A. Voorhes, M. D., Philadelphia."

Children coughing?

In the stillness of the night, the sound of little bodies racked by coughing strikes terror to the hearts of mothers.

Don't wait until the symptoms get serious. Better still, don't even wait for symptoms of any kind. But after every unusual exposure, or if children come home with wet clothes or wet feet, give them GROVE'S BROMO QUININE in the smaller doses prescribed in the directions with each box.

Children do not fuss about taking the tiny tablets, as they do about bad-tasting laxatives. Yet they gently clear the digestive tract, tone the system, and build up the little body's defenses. So children's colds, and parents' too, are nipped while they merely threaten. Or are thrown off quickly. . . . For your own sake, emphasize GROVE'S, when asking for GROVE'S BROMO QUININE. Price 30c.

Feed Fat Away The Food is in Marmola

It seems queer, but the modern method is to feed away excess fat. The food is a gland substance, taken from cattle and sheep. The amount decided by scientific tests is two grains a day.

The reason is this: Medical research has found that the great cause of excess fat lies in a weakened gland. It is really a disease. No exercise or diet can correct it.

When that gland is under active, too much food goes to fat. Physicians, the world over, in treating obesity, now try to correct that condition.

The main factor is embodied in Marmola prescription tablets. They were perfected in a famous medical laboratory. People have used them for more than 20 years—millions of boxes of them. They have told the results to others. Not only constant loss of weight, but new health and vitality.

Thus the use of Marmola spread, from year to year, until countless people use this modern method.

You can see the results wherever you look. Slender figures are the rule. Excess fat is now a rarity. Men and women try to look and feel their best.

Try this method for excess fat in any part that makes you look old or abnormal. Watch the fat fade away. Watch the new vigor that comes. You will be amazed and delighted. Don't go on with a weight of fat when so many are getting slender. Start today.

Marmola prescription tablets are sold by all druggists at 25¢ per box. If your druggist is out, he will get them at once from his jobber.

Girl Scouts Have Court Of Awards

Some indication of how the Girl Scout movement is taking hold in this city and county since the arrival of Miss Nance Pugh as Girl Scout director for the district, may be seen in the fact that at the Girl Scout rally and court of awards held in the auditorium of the Y. W. C. A. Saturday.

At the rally Saturday there were 129 Girl Scouts in attendance. When Miss Pugh assumed charge last April there were but 47 Girl Scouts in the district. And of the number present there were three—on the first three in the district—who were entitled to their first class badges.

In addition to the Girl Scouts and their troop leaders, there were present many of the parents and friends of the girls, who are participating in the affairs of the Girl Scouts.

Second in Year.

The rally and court of awards was the second held within the past year, the previous rally and court of awards being held at the Girl Scout camp last August.

Included in the program of the afternoon was the presentation of first and second class badges and numerous merit badges, which have been won by the Girl Scouts of the various troops for special and meritorious work done since the last rally and court of awards, also a pageant entitled "The Girl Scout's Hope Chest."

The pageant was a colorful and well-developed little picture of the hopes of the girls of other and more ancient times and the more material present day hopes that the normal girl may have. The pageant was made more realistic by the ancient costumes worn and characteristic symbols carried.

The pageant started with the prologue presented by Miss Grace Clark. The other characters were as follows: The Girl Scout, Maxine Ballard; Woman, Jean Hoffmaster; Music, Eleanor Horner; Poetry, Donna Jean Beall; Knowledge, Mildred Owens; Wisdom, Martha Clark; Truth, Martha Bryan; Romance, Olive Fern Sanford; Justice, Mary Lovelidge; Loyalty, Margaret Sprott; Imagination, Marie Hering.

Present Awards.

Then followed the presentation of the first and second class badges and the various merit badges by Mrs. George Carpenter, assistant chieftain of the committee of awards.

The first class Girl Scout badges were as follows: Troop 1—Katherine Hopper and Emily Parker; troop 5—Catherine Cunningham.

Second class Girl Scout badges awarded were as follows: Troop 1—Marie Hering, Cleo Boughter, Marjorie Clark and Dorothy Hanna; troop 6—Grace Bauder, Mary Christman, Ruth Comer, Bernice Forrest, Peggy Hulme, Edith Sherbine and Ruth Whilatch.

Merit badges awarded were as follows: Troop 1—Cleo Boughter, laundress; Sally Lou Byers, laundress; Martha Clark, laundress; Geraldine Frye, business woman; Jean Hicks, laundress and child nurse; Jean Hoffmaster, citizen, dressmaker, health

guardian, laundress, needlewoman and scribe; Katherine Hopper, athlete, citizen, health guardian, health winner, home nurse, hostess and observer; Mary Nunn, first aid, home nurse and journalist; Emily Parker, athlete, citizen, cyclist, handy woman, health guardian, home nurse, hostess, observer, health winner and pathfinder.

Troop 2—Grace Bauder, hostess; Ruth Bauder, citizen, health guardian, journalist, laundress and needlewoman; Bobbie Broda, citizen, craftsman, homemaker, journalist, pathfinder; Bonnie Christman, cook, dressmaker, cyclist, first aid, home nurse, hostess, laundress, needlewoman; Catherine Cunningham, home nurse, home service laundress, observer, scribe and signaler; Edna Boney, homemaker, scribe; Evelyn Boney, citizen, dressmaker; and needlewoman; Ruth Whilatch, citizen, first aid, home nurse and signaler.

Then Miss Katherine de la Mar, scout director for Sharon, was presented and made a few remarks.

This was followed by the presentation of the various troops and their leaders. Each group presented their own song, which proved interesting.

The troops presented were as follows:

Keystone troop No. 1, Miss Pauline Gilkey, captain, the Misses Regina Popp and Elizabeth Vance, lieutenants; Highland U. P. troop No. 2, Elizabeth Parker, captain; Third U. P. troop No. 4, Miss Nance Pugh, captain, Miss June Logan, lieutenant; Trinity Episcopal troop No. 5, Miss Helen Lytle, captain; Minnehaha troop No. 6, Mrs. W. H. Hanger, captain; Miss Mary Nunn, lieutenant; First Baptist troop No. 7, Miss Frances Hayden, captain, Miss Florence Davis, lieutenant; Arthur Magill troop No. 8, Miss Cora Humble, captain; Miss Ruth Wilson, lieutenant; First Presbyterian troop No. 9, Miss Alice Forrest, captain, Miss Catherine Wilson and Miss Mary Grimes, lieutenants.

There are as yet no Golden Eaglets Girl Scouts here. To become a Golden Eaglet scout the Girl Scout must have won 21 merit badges and then have a letter of commendation setting forth the reason for the presentation of the badge of that honor. There are three degrees of Girl Scouting, the tenderfoot, second class and first class Girl Scout.

The rally was brought to a close Saturday afternoon with the presentation of the scout ceremony of the laws by Minnehaha, troop No. 6, a very pretty and effective scene, with the participants bearing lighted candles indicating the various points of the law.

In view of the growth of the Girl Scout movement here, the next rally and court of awards will need a much larger place than the auditorium of the Y. W. C. A.

The Girl Scouts and their sponsors are indebted to the Y. W. C. A. for the auditorium, the Hancy Furniture company for the cedar chest and Butz Brothers for the candelabra used in the presentation of the pageant.

Graham Loses Out In Attempt To Get Assessment Lowered

Judge Hildebrand Find Commissions Were Within Their Rights In Raising It

In an opinion handed down this morning in the case of Charles W. Graham against the County Commissioners, T. J. McCullough, Calvin Boyd and P. O. Elder, Judge R. Lawrence Hildebrand refuses an injunction. The county is to pay record costs and costs of its own witnesses and Graham is to pay costs of his witnesses.

The case was one in which Graham wanted to restrain the county commissioners from raising the valuation on his farm of 160 acres in Plaingrove township. This farm has the New Castle-Slippery Rock improved highway running through it and is located at what is known as Elliott's mills.

In 1928 the assessor assessed the 160 acres at \$2,000. Nothing was done by the commissioners sitting as a board of appeals on January 17th but on February 29 the commissioners viewed the farm to determine its value, afterwards sending Graham a notice that the valuation had been raised to \$5,000. Graham took exception to the action of the board as there was nothing to show that the case had been continued from the board meeting on January 17.

In his opinion, the court holds, however, that this would not invalidate the action of the county commissioners in raising the assessment.

Mail Committees Report Progress

Expect Petitions For Air Mail Stop Will Be Signed Full At Early Date

The special air mail committee of the New Castle Chamber of Commerce and the committee from the New Castle Booster Club, chairmanned by R. J. Tully and William Nunn, respectively, are reporting progress on the presentation of the mail petition to business firms and individuals.

The petition requires the signatures of those who will send a certain average amount of mail daily. This is necessary before the stop here will become a reality.

The members of these committees have been working tirelessly on the proposition and indications are that the necessary signers will be secured in the near future.

Those persons who are interested in getting the stop here would aid the cause materially by getting in touch with one of these committee chairmen.

Dr. Irvine Speaker At Minister's Meeting

Dr. S. E. Irvine, pastor of the First United Presbyterian church, gave a most enlightening paper on "The Nature of the Church" at the meeting of the New Castle Ministerial Association Monday morning at 10 o'clock in the Y. M. C. A.

A very profitable discussion followed the reading of the paper. A vote of thanks was extended to Dr. Irvine by the ministers present. Rev. P. F. Shilling, recently of Scotts Bluff, Neb., who assumed the pastorate of the Bethlehem Baptist church on Sunday, was introduced.

Rev. E. S. Luce of the Wampum M. E. church led the devotional hour. The benediction was pronounced by Dr. Crowe.

Rev. P. E. Stough, pastor of St. John's Lutheran church, will read the paper at the next meeting.

Bad Check Passer Caught By Police

Confesses To Having Forged The Name Of His Employer To Big Check

Alex. Ruzewich, who conducts a general store at 34 South Jefferson street, reported to the police on Friday that a man had come into his place of business and given him a check for \$50, which he had cashed but which proved to be no good.

Officers Lynch and Longstreth on Sunday located the man, who gives the name of Nick Cheridlo. He confessed finally to the officers, according to the statements made at police headquarters, that he had forged the check.

Mr. Ruzewich had been in the habit of cashing this man's pay checks and sold him \$10 worth of goods, giving him \$40 in cash as change.

Cheridlo is still in the city jail, pending an effort to secure a settlement of the case, in which event there will likely be no prosecution made.

The PHAETON, 5 Passengers	2375
The TOURING, 7 Passengers	2475
The COUPE, 4 Passengers	2575
The CLUB SEDAN, 5 Passengers	2575
The SEDAN, 7 Passengers	2575
The SEDAN-LIMOUSINE, 7 Passengers	2675

(Prices at the factory)

Since the introduction of the Packard Six, forerunner of today's Packard Eight, \$40,199,000 have been expended for facilities useful in the manufacture and distribution of Packard cars. Because of this huge expenditure incomparably better cars have been developed, step by step, and now are offered for less than half the price of the original Packard Six.

Packard has concentrated its millions and its experience on one name and on one ideal. The public has been most gracious in its support. And as Packard has prospered, it has shared its prosperity with those who buy its cars—giving better cars at constantly lower prices.

These new low prices follow the price reduction announced but a few months ago on Packard's Custom line. They afford the public a more favorable opportunity than ever before to have the many advantages and features found only in Packard cars.

When may we demonstrate these features to you? Your used car will be accepted as cash, and if of average value will more than make the down payment on a new car. Then—a profitable and enjoyable ownership lasting four or five times the payment period, an ownership more advantageous now than at any time during Packard's thirty years of fine car building.

Special Service For Young People

An increasing interest is being manifested in the revival at the First Free Methodist church, Arlington avenue.

Plans have been completed for a special service for children and young people next Sunday at 9:30 a. m., at which time Rev. Mabel Hicks will bring a special message to the Sunday school.

Miss Hicks has given much of her life in the study of young people in educational work among them, in Bible study and Christian life. She puts her heart and soul in this work and her talks are instructive as well as interesting both to young and old.

Miss Hicks will preach each evening this week at 7:30. Friday evening her talk will be especially to children and young people.

Simple Treatment for Rheumatic and Muscular Pains

If you suffer from Rheumatic or Muscular Pains in the back, chest or limbs, make this 30-minute test at our risk. Congestion (lack of blood flow) is the usual cause of pains in the muscular tissues. Hoff's Liniment, a powerful penetrating stimulant, brings a quick flow of blood to the painful area, relieving congestion and resulting pain. So confident are the manufacturers of Hoff's Liniment, that it will do for you what it has done for thousands of others, that they have authorized all responsible druggists to promptly refund the full purchase price of 30 cents if it does not give you quick relief. You to be the judge.

Bank Leaders Come From Obscurity to Fame

ONLY one of the four men who will guide the fortunes of the Guaranty Trust Company, America's two billion dollar bank, made his start in the banking business. The average age of the quartet is only forty-five.

There is Thomas W. Lamont, partner of Morgan, who will preside over the executive committee. He started as a newspaper reporter and switched to the mercantile field.

William C. Potter, the president, was graduated from the mining school at Boston Tech, joined the Guggenheim forces in Mexico and the Southwest, and eight years ago

became chairman of the Guaranty Trust Company.

Charles H. Sabin, who becomes chairman of the Guaranty Company, was a produce clerk in Albany, but he was such a brilliant baseball player that a bank team induced him to change to banking. He proved even more successful as a banker, and was drafted to New York where he built up the organization to its position of leadership.

James R. Swan, president of the Guaranty Company, was graduated from Yale, where he amassed high honors on the gridiron. As in Sabin's case, he migrated from banking in Albany to New York, later became a vice president in Guaranty. A year ago Swan became president of the organization in succession to Harold Stanley, who was taken into the house of Morgan.

The title of Chairman of the Board of the combined institutions goes to James S. Alexander, who was chairman of the National Bank of Commerce.

Dianas of Fairways Hit Par

Gone are the days when a woman golfer could turn in a card of 100, or even 90, and receive a glance of approval from the gallery. Today, thanks to the pace set by the youngsters, she probably won't even qualify for a tournament. For club-wielders like Miss Helen Hicks, center, Miss Glenna Collett, left, and Miss Van Wie, right, are satisfied with nothing outside

the 70's. Miss Collett shot a 73, two strokes over men's par, at the Pine Needles course, while Miss Hicks turned in a 75 at Ormond Beach. The effect of these records is to raise the standard for veterans as well, and Mrs. Dorothy Hurd, "dowager of the links," is battling gamely to hold her laurels.

DAMS AVERT OHIO FLOOD DISASTER

In these conservancy dams, in the Miami valley, near Dayton, O., the citizens place their hope of avoiding another such catastrophe as the devastating flood of 1913. During the recent high water they have been undergoing the greatest test since their erection. Many square miles of land have been under water above the dams which automatically control the amount of water allowed to pass through and down the river channel.

Seventh Ward

Pre-Easter classes are to be conducted in the Madison Avenue Christian church. There is to be a series of four classes and they are for children of public school age.

The classes will be conducted by Rev. W. W. Sniff, pastor of the Madison Avenue Christian church. It has been Rev. Sniff's custom the past several years to conduct pre-Easter classes in Bible study for children. These classes previously conducted have always proved very successful with attending parents and the children alike. A series of five classes are conducted just before Easter.

This year there will be a series of four classes. The first class is Friday after school. Beginning this Friday and each Friday following this month there will be class. The last class of the series is the Friday prior to Easter which is March 29.

OFFICIAL BOARD

The official board of the Madison Avenue Christian church had a business meeting Sunday evening in the church following the church service. Business affairs relative to the church were discussed during the meeting.

COTTAGE PRAYER MEETINGS

Cottage prayer meeting Tuesday evening at 7:45 will be at the home of Mr. and Mrs. H. G. Coates of North Liberty street.

Thursday evening the cottage prayer service will be at the home of Dr. and Mrs. C. W. Davis of North Cedar street.

The cottage prayer services are being conducted by the congregation of the Mahoning M. E. church.

CLASS MEETING

Misses Elizabeth Dripps and Eddis McCann were joint hostesses to the members of the Sabbath school class of the Mahoning M. E. church taught by Mrs. Grace Tindall Saturday evening in the former's home on West Clayton street. Twelve were present.

Miss Frances DeRoss, a member of the class was given a handkerchief shower. Miss DeRoss leaves this week to make her home at Sharon, Pa.

The evening was spent informally in games and music. At a seasonable hour delicious refreshments were served by the hostesses.

M. E. G. AUXILIARY

The M. E. G. Auxiliary of the Mahoning Presbyterian church will meet Tuesday evening at the home of Mrs. Clarence Allen of Sixth street. This is the last meeting of the church year. The election of officers will take place.

Miss Streeter speaking. Miss Streeter of New York City will speak this evening in the Mahoning Presbyterian church at 7:45. Miss Streeter comes from the board of Home Missions, headquarters in New York.

"Like other young mothers, I worried every time Baby cried," says a Syracuse, N. Y. woman. "Several times when she was upset or constipated, I tried castor oil but she couldn't retain it. Our doctor told me to try Fletcher's Castoria because it is harmless and babies like it. That ended my worries and I've used it since for all my children." Castoria never fails to delight mothers by the quick way it ends those upsets of babies and children, such as colic, constipation, colds, etc. That's the reason for its tremendous sale and popularity. Like all good things, it's imitated, but genuine Castoria—the purely-vegetable product—always bears the Fletcher signature.

Business Women Plan To Observe National Week

Tea At Castleton Will Feature
Business And Professional
Club Observance

Officers and members of the local Business and Professional Women's club are making preparations for the observance of their national week here from March 10 to 15. Included in the week's program will be a tea at the Castleton for the club women of the city and their friends. This will occur on Wednesday, March 13.

On Sunday evening prior to this, the members of the club here will attend the services at the First M. E. church in a group.

At the Wednesday tea, Miss Loretta Pillsbury, a delegate to the Washington peace conference, will speak. Other plans and arrangements are in process and will be announced at an early date.

The local business and professional women's organization is composed of members in almost every branch of work. There are doctors, librarians, stenographers, school principals, bank clerks, pharmacists, teachers and many other professions and business occupations included in the work of the club personnel.

Officers of the club are Dr. Milton Rodgers, president; Emily Rice, vice president; Grace Browne, secretary; Miss Gentry, corresponding secretary; Nancy Bechtel, treasurer; and Mabelle Hutchinson, state director.

The New Castle B. P. W. organization will be hosts to the state convention which is scheduled to occur on May 16 to 18.

MY MAN - - - - - By Laird

A darkened theater, brilliant light on the screen where hero and heroine live in an hour or two through thrills that seldom come to ordinary mortals in a lifetime. Finally the music softens and throbs pulsatingly. The stars pose for the final embrace. As her arms steal about his neck and their lips meet for the inevitable kiss, the couples in the audience unconsciously imitate their attitude, heads draw together, and those who have no sweethearts

sigh for the love that never materialized. For good or ill the moving picture is a tremendous influence in our lives. Unconsciously we echo what we see and hear there. Only a few go to the theaters. Everyone goes to the movies. More vivid than any teaching in the public schools, or any sermon ever preached, the cinema depicts manners and morals, standards of living. Romances are born in the glow of the acted loves of the screen.

Local Singers Make Big Hit At Canton

Are Accorded An Ovation At
Canton, O., Event Saturday Evening

Harry Evans and George Anthony, well-known local singers, with Thomas D. Richards of Warren, O., formerly of this city, made a big hit Saturday evening at the St. David's Day event held in Canton, O.

Mr. Richards was in charge of the music of the event and was heard at his best. One of the features of the evening was his singing of Rigoletti in imitation of the manner in which Caruso formerly sang that role. He took the place by storm.

Messrs. Anthony and Evans were heard in both solos and duet numbers and their singing was of such a high standard that they had to respond with numerous encores. One duet made such a hit that they had to repeat it twice after the first presentation. They also rendered the Welsh national anthem and were acclaimed by the large audience.

They and Mr. Richards have been requested to return to Canton within the next few weeks and have also been asked to appear in Cleveland and a number of other places as a result of their excellent showing Saturday evening.

Escape Thwarted

After 12 hours of liberty, as a fugitive from the Detroit House of Correction, where she was serving a life term for murder, Mrs. Maude Storick was recaptured at the home of an acquaintance near Plymouth. Prison officials say she intended to revenge herself upon a woman who had induced her husband to spend a large sum of money in an effort to obtain her release.

INAUGURATION OCCURS IN FRONT OF CAPITOL

(Continued From Page One)

cial party awaiting him. It comprised in addition to the President and Mrs. Coolidge the incoming and outgoing vice presidents and the members of both cabinets.

President Coolidge had quitted his desk for the last time, but a few minutes before.

A few minutes before 11 o'clock President Coolidge and President-elect Hoover came upon the White House Portico. They were accompanied by Representative Snell of New York and Senator Moses of New Hampshire. After posing for photographers the group moved to the presidential car, an open Landaulet.

Ladies In Second Car

Here President Coolidge seated himself on the right with Mr. Hoover at his left. In the car accompanying them were Snell and Moses.

In the second car of the presidential entourage rode Mrs. Coolidge and Mrs. Hoover. Mrs. Coolidge sat at the right.

A fanfare of military trumpets was heard as the presidential party started through the White House grounds. Following the President and the president-elect and their wives came the members of the Coolidge cabinet and their mates. They hurriedly took their seats in eight waiting autos and the presidential entourage started for the capitol ceremonies that were to return President Coolidge to private citizenship and elevate Hoover to the presidency.

While the presidential party was assembling at the White House the new cabinet met in the office of Vice-president Dawes where the cabinet was introduced to Sen. Watson (R) of Indiana, new leader of the Senate, and other senators. President-elect Hoover's new secretaries, George Akerson and Lawrence Ritchie, were also introduced by Dawes.

Reach Capitol

The presidential party reached the capitol at 11:18, having taken twenty minutes to traverse the mile from the White House.

The pace was kept purposely slow for banked on either side of the avenue were thousands upon thousands of cheering people, and the cars progressed slowly to give them a chance to see the spectacle.

Both President Coolidge and the president-elect, who sat on his left, kept lifting their silk hats in response to the applause.

Mrs. Coolidge's popularity, which is great in Washington, was strikingly attested by the shouts that ran across the cars down the avenue.

Reaching the Senate side of the capitol, the party went immediately to the president's room on the Senate floor. There the president seated himself at his desk and began looking

Accepts Cabinet Post

Former Governor Arthur M. Hyde of Missouri is now en route to Washington to attend the inaugural. He will accept the portfolio of Secretary of Agriculture in Mr. Hoover's cabinet. This action fills one of the mystery vacancies.

over a batch of last minute bills of minor nature.

Hoover Retires

After a few moments, Mr. Hoover retired to the Senate Military Affairs room with several of his incoming cabinet officers.

The outgoing cabinet officers of the Coolidge administration found their chief busy when they arrived a few minutes after he did. They stood about the room waiting to give him the benefit of their particular departmental advice should he require it.

Shortly before 11:30 President Coolidge gave the customary answer of "no" to the inquiries of the Senate leaders. Senator Watson (R) of Indiana, and Senator Robinson (D) of Arkansas, as to whether he had any more business to communicate to the Senate.

While this was going on Mrs. Coolidge, in tan, and Mrs. Hoover, in brown, entered the Senate chamber and took seats in the front row. Their entrance seemed hardly noticed in the crush on the floor and in the galleries. Those nearest recognized

them and there was the faintest fluttering of applause.

The tramp of some four hundred members of the House headed by Speaker Nicholas Longworth, echoed in the corridors.

"Mr. president, the House of Representatives" announced the doorkeeper. They came in two by two, and completely filled up the Democratic side of the chamber. All the senators had been moved over on the right.

In Senate Chamber

Promptly at 12 o'clock in the senate chamber the supreme court of the United States was announced. Led by Chief Justice Taft, the night black robed judges glided noiselessly in and took their seats down in front.

The clock was shoved back, twice for a total of thirteen minutes. Curtis came in just as the hands moved backward. There was scattered hand-clapping as he entered the chamber. Then in came President Coolidge alone. The chamber rose and stood as he took his seat on the rostrum.

For a third time the clock was shoved back, again for five minutes. The new president entered the chamber at 12:10 o'clock and again the chamber stood. He took a seat on the rostrum beside Mr. Coolidge. They both glanced at the clock.

Swears In Curtis

Dawes then swore his successor, Senator Charles Curtis, of Kansas, into office, took a parting shot at the senate rules and adjourned the old congress. Curtis then took the gavel, brought the senate into special session.

Rain Starts

A fine drizzle began to fall at 12:15 o'clock this afternoon and new uses later a light rain was falling while the stands and seats along the line of the inaugural parade turned into a huge black canopy of open umbrellas.

The prediction of the weather bureau had been a slight rain with increasing volume toward nightfall.

Vice-President Curtis' speech was concluded at 12:25. Thereafter the proclamation calling the new senate into extraordinary session was read and the new members were sworn in.

The rain continued. At 12:35 o'clock, while the oath-taking was still going on in the chamber, it showed no signs of slackening. Tarpaulins had been thrown over the microphones which were to carry the Hoover inaugural to the country.

At 12:50 p. m. there was a cheer from the waiting and wet thousands when Vice-President Curtis and ex-Vice President Dawes marched onto the high stand.

Rain Falls Steadily

The rain was falling steadily, though the drops were small.

Most of the senate had already come upon the platform, coat collars turned up and hats pulled down against the driving drizzle.

Vast confusion prevailed about the seats for the congressmen. Their wives slashed around with tickets in their hands seeking location and not having much luck.

Not a few decided not to risk the rain and retired again to the protection of the Capitol where they tried to get vantage points in windows.

At 12:55 the Marine band, brilliant in their red coats and blue trousers, stationed immediately in front of the stand started up: "Hail to the Chief," signaling the approach of the official party.

First came the cabinet with President Coolidge immediately behind them and Mr. Hoover a few paces in the rear of Mr. Coolidge.

Hoover Takes Oath

A mighty cheer went up as Chief Justice Taft started to the front of the rostrum with Mr. Hoover at 1:07 p. m.

The oath took but a moment and the new president's "I do, sir!" could be heard all over the plaza.

President Coolidge stepped forward and clasped his hand in silence embrace.

Then turning to his by this time somewhat bedraggled audience, he began his speech.

He spoke from the extreme front end of the platform, bareheaded, with his drizzle of cold rain beating steadily in his face.

Sensing the discomfort of the thousands before him he spoke with

greater rapidity than usual, as if anxious to hurry through.

The first applause came when he declared that Calvin Coolidge should get a great deal of credit for the prosperous condition of American affairs today.

Scattered handclapping greeted his statement that the "most realistic of all dangers today is disregard and disobedience of law."

Moderate and scattered applause mostly from those on the platform immediately around the new president greeted his direct challenge to the citizenry to stop buying bootleg liquor.

As he went deeper into his speech, the rain increased in volume, and soon the far outskirts of the vast throng then began a steady exodus for shelter.

Before he was half through there was a steady procession of women and older men leaving the reserved sections immediately in front of him.

Crowds Assemble Early

The crowds began gathering early. Fully four hours before the ceremonies on the east steps of the Capitol were due to begin three or four thousand people gathered in the plaza for a long wait under the murky skies.

Pennsylvania avenue began to fill up about the same time. Seat-holders, fearful that they might lose their rights by the very vastness of the crowds, began occupying the church-like boards as early as nine o'clock.

At 9:30 the weather was thickening and looking more dubious every minute. The chill of impending snow or rain or both was felt anywhere.

Estimate 150,000 Visitors

The inaugural committee, in its glory after 20 years of rather simple inaugurations, estimated that the capital was jammed with no less than 150,000 visitors from every state in the Union. The estimate seemed conservative for there was not a hotel room to be had, and rooming house keepers reaped a harvest from those who lacked the foresight to make their reservations last November.

Five hundred trains poured the throngs into the capital over the week-end and the automobile traffic lanes from north, south and west contributed twice the number that came by rail. They even came by air. The skies over the capital Sunday reverberated with the saccato bark of airplanes.

Many Governors Present

The governors of half the states of the Union were here, their women folk in pre-Easter finery, their strutting military staffs resplendent in colorful uniforms and miles of gold braid; their civilian staffs in frock-coated and high-tailed dignity. And there were thousands of others who paid unbelievable prices for open air seats in the long expanse of grandstand that stretched down Pennsylvania avenue from the Capitol to beyond the White House. Rain would just about ruin the spectacle.

A weak and watery sun was trying to break through the murky haze at 10 o'clock this morning, affording some small hope that the inauguration might go off without rain drenching the thousands of inaugural visitors that fill the capital.

The threatening weather did not daunt the crowds, however, for they congregated early on the plaza of the Capitol, where the oath will be administered.

By 10 a. m. there were nearly 10,000 people thronged in the plaza back of the seats which were reserved for special guests. Most of them carried umbrellas and raincoats.

are the talk of all truckdom

Automotive engineers, truck experts, truck dealers, truck users are hailing the 1929 Stewart as the finest Stewart of them all, by far "America's Greatest Truck Value."

Stewart owners do not figure depreciation on a 2 or 3 year basis. They know by experience that the average life of a Stewart is 5 years or more. There are thousands of 4, 6, 8, 10 and even 12 year old Stewarts in service in more than 600 American cities and 56 foreign countries.

Finer, more beautiful, more powerful, more rugged, the new Stewart stands at the top of all truckdom. Low profit per unit spells greater value than ever before to the Stewart buyer.

Stewart Sales Reach New Mark

Stewart sales in 1926 were 41% greater than in 1925. 1927 beat 1926 by 45.7% and now 1928 sales eclipsed them all with a 53% gain over 1927. Learn why! Catalogs gladly mailed upon request.

The Story Of American Industry
Leather (Part Two)—Modern Tanning Methods

HIDES ARE NO LONGER TANNED IN PITS OUT OF DOORS. ALL THE PROCESSES OF MODERN TANNING ARE HOUSED IN BUILDINGS. ARRIVING AT THE TANNERY, THE RAW HIDES ARE FIRST SOAKED TO SOFTEN AND CLEAN THEM. THEN THE HAIR AND FLESH ARE SCRAPED FROM THE HIDES.

THE THICKEST HIDES ARE SPLIT BY A SPECIAL MACHINE, TWO OR MORE HIDES BEING SPLIT OR PEELED FROM A SINGLE HIDE. AFTER A SECOND WASHING, THE HIDES GO INTO THE GREAT TANNING VATS, WHERE THEY ARE STIRRED IN A SOLUTION OF TANNIC ACID.

TODAY, MINERAL COMPOUNDS ARE BEING WIDELY USED IN PLACE OF TAN BARK LIQUOR FOR TANNING. BY THIS METHOD THE HIDES ARE NOT TANNED IN VATS, BUT IN HUGE REVOLVING DRUMS FILLED WITH CHROMIUM LIQUID.

AFTER BEING TANNED THE LEATHER IS STRETCHED AND DRIED. IT IS THEN GIVEN A FINISH ACCORDING TO THE PARTICULAR USE FOR WHICH IT IS DESTINED. OILS AND PRESERVATIVES ARE APPLIED TO GIVE IT SOFTNESS. NEXT IT IS DYED AND GLAZED AND, FINALLY, POLISHED BY ROLLERS.

Davies And Grande Clash Here Tonight

Two Big Battles Hinge On Result

Welshman Has Been Offered Fights With Schwartz And Pladner; Grande May "Cop" Battles If He Defeats Welshman; Ruttman Hopes To Defeat Smallwood; Three Other Action Bouts On Tonight's Card At Jolly Bowl; Expect Another Overflow Crowd Of Fans

Boxing promoters and fans in various parts of the world will gaze toward the Jolly Bowl tonight, where Willie Davies, the marvel of Charleroi, and Frisco Grande, termed the Filipino Flash, meet in a battle scheduled for 10 rounds. Since the knockout of Frankie Genaro and loss of a decision by Corporal Izzy Schwartz to the French flyweight, Pladner, the promoters have been looking high and low for some flyweight capable of giving the Frenchman a real tussle for new gained honors.

Several weeks ago Schwartz, recognized world's flyweight king, traveled to France, and though the bout was not held at the flyweight limit, Pladner won the decision. Saturday night the Frenchman stopped Genaro without much ado. As Genaro was recognized as champion by the National Boxing association and Pladner had not only knocked out Genaro but had also defeated Schwartz, the next thing in the plans was to look around for a capable opponent.

DAVIES OFFERED TWO BIG BOUTS
James Buchanan, manager of Davies, today stated that Schwartz has agreed to fight Davies for the world's title. Benny Leonard promotes an outdoor at Pittsburgh this summer. Buchanan declares Davies is ready to accept the offer.

The manager also stated that Promoter Jeff Dickerson has made Davies an offer of \$7,500 to fight the winner of the Pladner-Genaro bout and now that Pladner has taken over the National Boxing association crown Buchanan is considering the terms.

Davies has fought all of the leading flyweights in the boxing world, excepting Grande, and tonight the fans here will get a chance to see what some of the higher critics in the boxing game term a Filipino Flash. **GRANDE HAS FOUGHT BELANGER, SCHWARTZ**
Grande has boxed most of the outstanding flyweights in the world. He boxed Frenchy Belanger, the French-Canadian champion, at Toronto, but unfortunately the bout terminated in a foul and Grande was awarded the decision.

When he met Midget Wolgast in a six-round battle at Philadelphia, he took four of six rounds and was given the decision, which goes to show that the Filipino must have a lot of stuff or the Philadelphia decision would not have gone to him.

Grande has outpointed the former British champion, Ernie Jarvis, took a decision from Izzy Schwartz, beat Blas Rodriguez, lost in 10 rounds to Frankie Genaro, defeated Frankie Garcia and won from Tommy Paul of Buffalo.

SEMI-FINAL BOYS HAVE GOOD "REPS"
The six-round semi-final should be a humdinger if both fight according to their reputations. Chet Smallwood, the southpaw, and Eddie Ruttman are listed for the six-round bout. Smallwood recently won from Jimmy Reed.

Jimmy Reed outpointed Joey Goodman at the Jolly bowl and Ruttman holds a knockout over Steve McDonald, who outpointed Goodman a week or more ago at Cleveland. According to these victories, the 133 pounds are evenly matched.

Ki Goldman, Akron, who has won over Danny Raeburn, Pres Johnson, Phil Colstein, Pete Mazzeo, Joe Grin and other fast 122 pounders will take on Tom O'Leary, the coal miner. O'Leary wanted to box Goldman despite Goldman's longer experience in the ring.

PATSY BRANNIGAN TO SECOND FEROE
There will be two four-round bouts, the first of which will bring Johnny Jennings, south side, against Al Feroe, Pittsburgh. Johnny has captured two bouts with a knockout. Feroe has never boxed here but has been schooled by the veteran Patsy Brannigan.

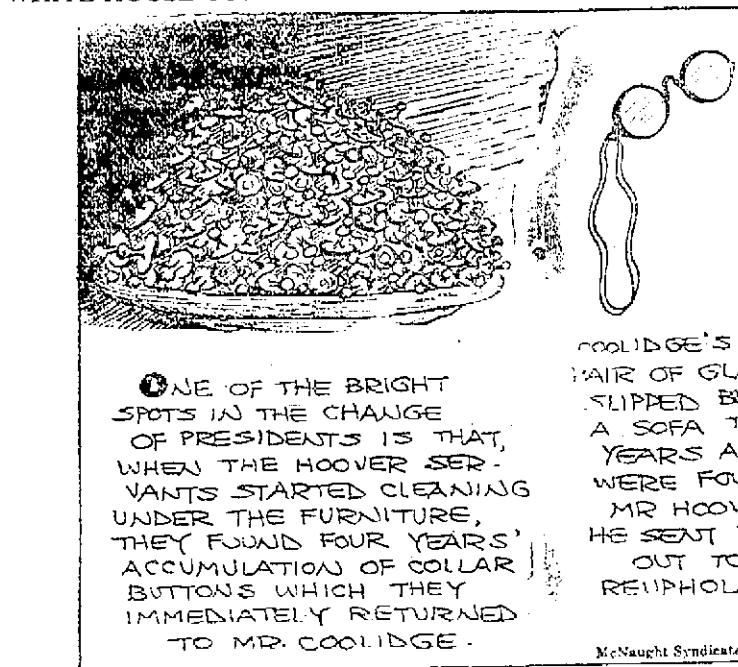

Several nights ago Brannigan came to New Castle and asked that Feroe be placed on the card against Jennings. As Dave Williams was anxious to make the match it was made and no doubt it will result in a lot of punches. Jennings is a southpaw. Jimmy Marlowe, Aliquippa, and Johnny Russell, Fayette City, 158-pounders, have been doctored for the second four-round bout. According to their managers they are evenly matched, punch hard and it should be a hard, close bout.

EXPECT BIG CROWD TO WITNESS BOUTS
On account of Davies' popularity and the fact that he has been offered fights with Schwartz and Pladner, fans will turn out to see how he is going since he departed from here months ago. According to the record books Grande is good and should test him thoroughly.

Should Grande outpoint or knock out Davies all likelihood of Willie meeting the world's champion or the National Boxing association crownholder would fall automatically, hence Davies will try everything tonight to score a victory and a knockout.

With good weather it is believed that another capacity crowd will greet the fighters. The reserved seating arrangement has been increased several hundred. The first bout will start promptly at 8:15 p. m. The officials will not be known until the bell rings.

WHITE HOUSE CLEANING

ONE OF THE BRIGHT SPOTS IN THE CHANGE OF PRESIDENTS IS THAT, WHEN THE HOOVER SERVICE STARTED CLEANING UNDER THE FURNITURE, THEY FOUND FOUR YEARS' ACCUMULATION OF COLLAR BUTTONS WHICH THEY IMMEDIATELY RETURNED TO MR. COOLIDGE.

COOLIDGE'S PET PAIR OF GLASSES SLIPPED BEHIND A SOFA THREE YEARS AGO AND WERE FOUND BY MR. HOOVER WHEN HE SENT THE SOFA OUT TO BE REUPHOLSTERED.

ONE OF THE BIG PROBLEMS OF EVERY NEW PRESIDENT IS WHAT TO DO WITH THE OLD SAFETY RAZOR BLADES THAT HAVE BEEN ACCUMULATING DURING THE LAST FIVE ADMINISTRATIONS.

Guests Of New Castle Printers At Leslie Hotel Banquet

NEW CASTLE BOWLERS DEFEAT BUTLER TEAMS

Printers of Butler, Pa., were the guests of New Castle Typographical Union Saturday night at a banquet at the Leslie House at which Vance Burkholder was the toastmaster. Prior to the banquet the printers selected bowling teams and in the matches New Castle came off victorious, on the McCoy alleys.

A month ago the New Castle printers were the guests of the Butler typographers and Saturday night the Butlers came here and were initiated into the manner in which The News printers can bowl. However, the first match resulted in a tie, each team rolling 598 pins.

As the match was to be the best of three games, New Castle came thru with 634 pins to 604 for Butler in the second and 622 against 587 in the third, giving New Castle the edge and thereby whetting the appetite of the printers for the sumptuous repast which had been prepared.

However, before the printers departed their second teams, or Reserves, took up the balls of bowling and this match of three games also resulted in New Castle winning two of three matches. Butler having taken the first 433 to 423.

The high scores were rolled by White, 189 and Burkholder, 143.

Remember This Fight?

1919—Leonard Toys With Dundee.

Written Exclusively for Central Press and New Castle News.

BENNY LEONARD, greatest of all lightweights of modern times, thoroughly massaged Johnny Dundee in the third of their meetings for the title during the course of an eight-round bout held at Madison Square Garden in New York on January 20, 1919.

The champion sprayed a stream of leather over the Scotch Wop for the entire course of the battle, and it was apparent to the ringers that Benny was making no effort to score a knockout punch on his favorite meal ticket.

In the last round Leonard cut loose with a display of fancy ring work. He rocked Dundee and blood spurted from the nose of the veteran Italian. When it appeared certain that Dundee was doomed for the works the titleholder eased off and coasted through to the final bell.

Leonard made little effort to avoid Dundee's best punches. He danced in and out, shifting and feinting his opponent into awkward positions.

The champion was at his best in this fight although he did not attempt to slip over a finishing punch.

Falcons Defeat New Brighton

The Polish Falcons defeated the N. E. H. club of New Brighton 45 to 38 in a fast game played on the Polish Falcon court. It required an extra five minute period to determine the winners. The regulation game ended 33-33. Menalc and Frankovitch were the stars for the Falcons. For New Brighton the work of Mason and Giasab was the best.

Seeks Cut on Fights

Billy Barton meant something to the boys who whangled the odds around the tracks and the handicappers seemed to have a lot of respect for the ability of the horse. Billy made good on the flat course over a long stretch, but the day came when he started to slip and so he was converted into a jumper.

Billy who is now owned by Howard Bruce of Baltimore is in England, being prepared for another start in the Grand National Steeplechase which will be run at Aintree March 22.

Last year Billy Barton was just beaten by the old campaigner Tipperary Tim in one of the most spectacular finishes ever witnessed in that famous classic. The American horse was leading until he fell at the last jump, managed to get up and furnish the spectators with plenty of excitement at the finish. Those two horses were the entries to survive the grueling hazards and finish the race.

Among the Favorites

BILLY BARTON!

By QUIN HALL.

Often we hear of a good middle distance runner on the track who shifts to the marathon distance when the years pile up and take from him that spurt of speed necessary in the shorter distances. John Ray turned marathons, checking in some very remarkable performances over the longer distance. Paavo Nurmi will undoubtedly follow in Ray's footsteps.

He has made announcement to that effect and he may be seen over the longer route in the next Olympic games at Los Angeles.

Once in a while we hear of a running horse who is sent in as a steeplechaser, checking in some very remarkable performances over the longer distance. Billy Barton is the flat race star of the moment.

There was a little disappointment evident earlier in the year on the part of the Maryland horse's boosters in England because of his failure to appear in the Winchester Steeplechase for which he was entered. Billy's handlers however must have considered that their charge was not ready to go in this event and preferred to save him for the Grand National. Reports from England would seem to indicate that he is in the pits of condition for the test.

While the day of the race approaches it is safe to predict that at post time Billy Barton will still be among the favorites.

The Grand National which has earned the reputation of being the hardest of all jump events could be called Grand International as it attracts entries from the United States, England, Ireland, France and other countries.

The 1929 list of entries originally carried the names of 120 horses. While many of these have been dropped and others will be slashed off before the day of the race a big field is assured for the Grand National on March 22.

The winner of this event gets \$25,000 plus a substantial slice of the entrance fees. Second prize is worth \$2,500; third \$2,000 and fourth \$750. The course is four miles and 886 yards long with 30 fences or hazards. The run-in is only 494 yards but the history of the event shows that very few horses ever reach this short stretch of the course. Last year 42 went to the post and this year they expect to better that number.

Dukes At Pittsburgh Tuesday Night; Thiel On Thursday Night

BLUE AND WHITE HOPES FOR VICTORIES

(Special To The News)

NEW WILMINGTON, Pa., March 4.—Westminster's whirlwind basketball season comes to a close this week with the contests with Duquesne at Pittsburgh Tuesday night and a home game with Thiel Thursday night. The United Presbyterians will attempt to win both the remaining games and thus have a season's record of 15 victories and two defeats.

Following the excellent showing against the bewildered Grove City team here Friday night on the part of both first and second teams, Coach John Lawther decided that the Duquesne game will be of a much different type to call the boys out for practice Saturday afternoon.

The Dukes have not played their best ball yet this season and the Blue team is just apt to rally to its colors Tuesday night. Then, too, "Chick" Davies will have the Dukes pepped for the Titans, remembering the extra period fracas at New Wilmington in January, which the United Presbyterians won by a 28-25 score.

It is hoped that Tudor Lewis will be able to see action in the last two games on the schedule, particularly in the Duke game Tuesday night. While Lawther did not use the Farrell lad in the Grove City game, he is rounding into form again following his injury in the Geneva game and will be a uniform Tuesday night.

Sportsmen Will Meet Tuesday

Lawrence County Sportsmen association members will hold an important meeting at 7:30 o'clock Tuesday evening at the office of Alderman O. H. P. Green on East Washington street.

Nomination of officers and other business matters will be taken up which require a full attendance. Plans will be made for the annual banquet of the association. Charles C. Withers is president of the association. All members are urged to attend the session Tuesday.

Veteran Giant Pitcher Keeps Pace with Youngsters

Jack Scott Regarded as Regular on McGraw Baseballers

LIKE the "old gal" who insists on playing around with the younger set, just to show how young she is, Jack Scott, Phillie cast-off, is cavorting around the training lot with the liveliest of the rookies.

That name cast-off has a victorious sound, but Jack, at age 33, only one year ago was sent to the minors—Toledo, to be exact—by the Phillies, as all through. He hadn't won there long before the Yankees came along with a dazzling offer for the veteran. It was ordained, however, that he return to the big show under John McGraw through one of those arrangements that exists between the Giants and Toledo.

He had served two previous terms with the Giants, doing a nice job of starting and relieving. Winning 20 and standing six-one, Jack is always known how and why to take care of his physical being and hard training isn't work for him. Scotty spends his winters raising hogs and reports ready to hurl as fast as some pitchers who have a couple of weeks' work under their belts.

Perhaps his fast one has lost some of its pop and his curve is nothing to boast about. He still has control, confidence and knowledge

of batters. There's a lot more than many pitchers can boast of and ought to come in handy to the giants.

Anyhow, you've got to take your cut off to the boy. He's getting away with it and more than keeping to the pace of the youngsters in spite of his amazing hair.

Rev. L. J. Baker Of Lutheran Church Delivers Strong Address At Final Meeting

Full Chorus Choir And Solo By Alfred Hutchinson Provides Fine Musical Program

ELLWOOD CITY, March 4.—The final service of the week of union meetings, which was sponsored by the ministerial association, closed most successfully Sunday evening with a packed auditorium in the United Presbyterian church.

Rev. L. J. Baker of the Trinity Lutheran church delivered a strong address on Paul's letters to the Corinthians, enlarging on the idea of Christian discipline, relating the history of the Greek athletes, who prepared for a race ten months before the date, attending rigidly to mental, moral and physical preparation, and were carefully examined before being permitted to enter the contest. They then paid particular attention to the course to be run, and finally achieved their athletic honors. Rev. Baker compared that ancient sport to the Christian race, stating that the modern Christian should keep himself up to a high standard, and the reward would be more than a medal, it would be eternal life. His sermon had a strong moral to it, and was greatly appreciated by the large audience.

Preceding the sermon there was 15 minutes of sacred song music, led by Rev. Hugh Maxwell and a chorus of 60 voices. Another feature of the musical offering was a tenor solo by Alfred Hutchinson of the Presbyterian quartet.

A gratifying collection of \$130 was taken up, which will amply defray the expenses in connection with the campaign.

Girls Elect New Captain Of Team

Miss Virginia Blasin Elected To Succeed Miss Mary Ellen Stier As Captain

ELLWOOD CITY, March 4.—Following one of the most successful seasons in the history of the local high school members of the girls team elected Miss Virginia Blasin to succeed Miss Mary Ellen Stier for the captaincy of the basketball team for next year. Miss Blasin has been outstanding forward performer, functioning like a veteran in spite of the fact that this season was her first year on the squad.

Miss Sara McGoun coach will lose a number of players by graduation this June among whom will be Miss Mary Ellen Stier, veteran center and captain. There is no doubt that this aggressive maiden will be missed next year on the sextet. Her constant playing and classy performances were outstanding in every performance and she had developed into one of the best side-centers in this section.

Prospects for another successful season next year look very bright with Miss Blasin to lead her mates. This season was largely responsible for ten high scores piled up against opponents during the season just closed. Coach Sara McGoun's machine was one of the best in this section and it is thought that she will develop even a better sextet next season. She is to be congratulated upon producing a team of such excellent stars for she was forced to build it up with a number of new and inexperienced players.

Miss Stier and Miss McDevitt are the only members of the first team that will be lost through graduation. The Misses Thompson, Offutt, Kueben, Lindgren, Sibole and Conner should be first rate players for the coming year.

INFANT IS CLAIMED BY DEATH SUNDAY

ELLWOOD CITY, March 4.—Tony Pisani, six-month-old son of Mr. and Mrs. Dominic Pisani of Second avenue, Koppel, passed away Sunday as a result of pneumonia. He is survived by his parents and other brothers and sisters. Funeral services took place this afternoon at 2 o'clock at the Hoytland cemetery.

HOSPITAL NOTES

ELLWOOD CITY, March 4.—Admitted yesterday, Margaret Sullivan, and Mrs. Fox of this city. Discharged, Joseph Schuler of Lawrence avenue.

May Be Film Star

Since Miss Dorothy Carlson, of Salt Lake City, won the national high school oratorical contest two years ago, honors have been coming her way. Now a California college junior, she has been chosen to take a course in photography appreciation which may mean a movie career in the future.

Week Of Services In Bell Memorial

ELLWOOD CITY, March 4.—Rev. E. C. Goode of Leechburg, Pa., and a class mate of Rev. King in Grove City and Western Theological seminary in Pittsburgh will preach an evangelistic sermon each night this week in the Bell Memorial church. The services will open with a song service at 7:30 o'clock.

Thursday evening members of Class No. 17 will conduct a monthly meeting at the home of Mrs. John Nichols of Glen avenue.

Miss Helen Streeter Gives Talk To Women

ELLWOOD CITY, March 4.—Miss Helen Streeter, field secretary for the Shenango Presbytery, spoke to a large number of women from this district Sunday afternoon at the First Presbyterian church.

From her wealth of experience in the line of work Miss Streeter brought a compelling message to the local women interested in home and foreign missions. Miss Streeter is distantly related to Mr. and Mrs. John Streeter and family of Ewing Park.

BOWLING MATCH AT CHURCH TONIGHT

ELLWOOD CITY, March 4.—Resuming the bowling schedule of games, which were still for a week owing to the union services, there will be a match this evening on the Presbyterian alleys, between the United Presbyterian team and the team from the First Presbyterian church.

The various churches are leagued in the Church Bowling association and have planned a number of matches.

DINNER-BRIDGE CLUB

ELLWOOD CITY, March 4.—Mrs. Jud Turner of Glen avenue will entertain the members of the Dinner-Bridge club Tuesday evening at her home.

Serg. Norton Acts In Guard Of Honor Today In Washington

The Hon. M. A. Bickett Left Sunday To Attend The Inaugural Ceremonies

ELLWOOD CITY, March 4.—Sgt. Norton of the 107th Field Artillery, located at Friesco, left Saturday for Washington, D. C., to take an important place at the Escort of Honor in the Inaugural parade today.

The Hon. M. A. Bickett, assemblyman from this district left on Sunday to be present at the most important ceremonies in the country. Much interest is being manifested all over the town, as people have had their radio sets tuned up for the ceremonies, and the school children were dismissed early today for lunch, so as to be able to tune in at the Lincoln school for the opening ceremonies this afternoon.

Office Team Scores Over Opponents At Saturday's Game

ELLWOOD CITY, March 4.—Playing the second half of the season of interdepartmental basketball games in the National Tube mill office the Office five scored over the Inspection team with a score of 35-22. This was the first game and was interesting to watch.

The second game was between the Specialty quintet and the Mechanical department five and after a fast session closed with a score of 35-22 in favor of the former. The Specialty team is strong in the running for the season championship trophy. On Wednesday evening at 7:30 the Inspection will play the Mechanical and at 9 the Specialty will tilt with the Hot Mills team.

Seventieth Congress Passes Into History
At 12:15 O'clock This Afternoon Gavel Falls Ending 70th Congress
Considerable Important Legislation Has Been Put Through In Long, Weary Session
By WILLIAM S. NEIL, International News Service Staff Correspondent
WASHINGTON, March 4.—The resounding whack of gavels at 12:15 p. m. today ended the two short and busy years of the life of the Seventieth Congress, leaving for the future to appraise a remarkable record of important legislation.
The last "Coolidge Congress" slipped peacefully to its constitutional grave after weeks of nerve wracking filibusters and legislative quarrels which left members in a state of cheerful resignation at the finish.
A final effort to postpone the effective date of the national origins clause of the immigration law for one year was smothered in a 20 minute filibuster in the senate.
The house meantime had coasted along to adjournment with its time taken up in eulogies to retiring members.
Worn weary by long day and night sessions in the last two weeks and their nerves frayed by bitter legislative struggles, the 331 senators and representatives breathed sighs of relief at the end.
Having settled a quarrel over the last important deficiency bill on Sunday, congress had a resolution postponing for one year the effective date of the national origins clause of the immigration law as its one remaining major problem.
Leave Important Bills
The house had voted the postponement favored by President-elect Hoover but there appeared little chance of senate action.
Despite the broad scope of its legislative record, however, the 70th congress passed over to the "Hoover Special Session" the unsolved problems of farm relief and tariff revision.
Among other questions left to the future were railroad consolidation, reappropriation of the house, oil conservation, anti-injunction and coal legislation, many questions of

President Hoover To Start New Work Without Any Delay

At 12:15 O'clock This Afternoon Gavel Falls Ending 70th Congress

Considerable Important Legislation Has Been Put Through In Long, Weary Session

By WILLIAM S. NEIL, International News Service Staff Correspondent

WASHINGTON, March 4.—That President Hoover will lose little time in getting into harness was indicated this morning when White House attaches went immediately to the President's office upon the departure of the Presidential party and arranged the office for the 30th President.

President Hoover will use the same desk that was used by Mr. Coolidge and the same chair that has been in the office since President Wilson's time.

The flat mahogany desk top was given a new blotter, a dozen freshly pointed pencils, a new inkstand, a new shade desk light, two letter files, a pair of book ends and a small American flag and miniature portrait were the objects in sight.

The fact that even Johnson objected to bad grammar or radio announcements seems to us hardly hopeful.—Cincinnati Times-Star

Two Senators Barred
The senate investigation of the Salt Creek oil royalty contract of Harry P. Sinclair's company, the alleged sale of Federal patronage in the south, and the house survey of the nation's Federal prison needs were outstanding non-legislative actions.

The first or long session of this congress was featured by the successful fight to prevent Senators-elect Frank L. Smith (R) of Illinois and William S. Vare (R) of Pennsylvania from taking their seats.

Legislative record included a \$225,000,000 Mississippi river flood control bill, a \$223,000,000 rail reduction measure, the Jones White Stimpert bill extending government aid to the private merchant marine, and the postal pay increase bill.

President Coolidge's veto was overridden on the general postal pay bill, and fourth class postmaster's pay measure. The presidential veto was sustained on the McNary-Haugen farm bill and two minor measures.

The seventieth congress also passed the first Muscle Shoals bill, but President Coolidge killed it by a "pocket veto."

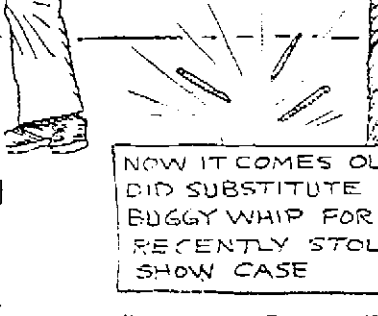

Nearly 100 members of the congress passed out of the legislative picture.

The towering figure of Senator James A. Reed, the fighting Missouri Democrat, and Senator Charles Curtis, who goes into the vice-president's chair, head the list. The incoming congress will be overwhelmingly Republican.

Legionnaires To Make Valley Trip

Post At Beaver Falls Invites
New Castle Men To Meet-
ing Tonight

On the invitation of the Beaver Falls American Legion post, members of the New Castle post's visitation committee will go there tonight to attend the valley organization's regular meeting. While there it is the intention of the local men to express the New Castle post's appreciation of the support that Beaver Falls gave it in the recent banquet in honor of National Commander Paul McNutt.

and other places. On March 25 a journey will be made to Grove City where the legion post there will be visited. Others will be planned later. Harry Long who chairmanned the pre-banquet visitation trips, is also to act as leader of these visits now being planned. Any legionnaire can be a member of the committee. It is learned that the Beaver Falls post is leading all other district posts in the membership drive being conducted. They report a total of 273 members. Ellwood City a close second with 253 and New Castle with less than 200.

Prepare Welcome To Coolidges Back In Northampton, Mass.

Northampton, Mass., Will Give
Coolidges Royal Welcome
On Arrival "Back Home"

International News Service. NORTHAMPTON, Mass., March 4.—Final plans were completed today for the "welcome home" reception to Mr. and Mrs. Calvin Coolidge when they arrive from Washington tomorrow. The hometown folk will turn out in force to greet the Coolidge party, the American Legion band playing "Home Sweet Home."

Immediately following their arrival they will be taken to the Coolidge home on Massasolet street. The ex-president and his wife will

not leave the car here until 8 o'clock tomorrow morning when Mayor Jesse Andre of Northampton, and Major Thomas J. Hammond will extend greetings to Mr. and Mrs. Coolidge. In accordance with wishes of Mr. Coolidge there will be no speeches or parades. Soon after her arrival Mrs. Coolidge is expected to go to Dickinson-Coolidge hospital to visit her mother, Mrs. Le-mira Goodhue, who has been ill for over a year.

Mayor Will Address Scout Men Tonight

Hoover Baby Is First To Move To White House

Infant Baby Of Herbert Hoover,
Jr., First To Move Into New
White House Home

International News Service. WASHINGTON, March 4.—Herbert Hoover III, the baby grandson of the new president, was the first to be installed into the presidential mansion today when his crib and baby carriage arrived with the first truckload of Hoover belongings from the 5 Street residence. Oldest attaches at the White House cannot recall the time when a crib or infant's accoutrements were seen there. Herbert Hoover III is the son of

Mr. and Mrs. Herbert Hoover, Jr., who will make their home at the White House for several months. Herbert III has a three year old sister, Peggy Ann, who will romp over the spacious mansion grounds.

Prominent Grove City Woman Dies

(Special To The News) GROVE CITY, Pa., March 4.—Mrs. A. R. Hodge, aged 54, wife of A. R. Hodge, until recently an official of the Grove City State Bank, died last night at the family residence after a lingering illness of 15 months. Mrs. Hodge was born in Jackson Center, Mercer county, the daughter of Mr. and Mrs. Maletus Small. The Hodge family had been residents of Grove City for the past 20 years, where they were widely and favorably known. She was a member of the First Presbyterian church, the Eastern Star

and the Daughters of the American Revolution.

She leaves to mourn her loss her husband, A. R. Hodge; one son, Mont, who is cashier of the Grove City State Bank; a daughter, Mrs. William McClellan, of Bellevue, Pa., and a daughter, Mrs. Joseph Morledge, of Hickory, and a grandson, Joseph M. Morledge, of Hickory.

Funeral services will be held Tuesday afternoon at 2:30 o'clock from the residence, with her pastor, Rev. C. H. Williamson of the First Presbyterian church of this city, in charge. Interment will be made in Grove City cemetery.

POLITE ROOKIE

A rookie received a severe lecture one day from his lieutenant. The next day he passed the lieutenant without saluting. "Hey, you, why don't you salute me?" "I thought you was still mad at me."

Throws Liquor Into Grate; Some Result

Place of Ralph Martin, rear 303 South Jefferson street, was visited Saturday evening by Detective John Young and Officers McKibben, Flinger, Moore and Dukes and Martin, two inmates and one visitor arrested. Martin thought to get the best of the raiding officers by throwing some liquor into the almost dead coals of the grate fire. But he did not count on the alcoholic content of the liquor and the liquor had hardly hit the dying coals of the fire, when there was a sort of an explosion, or rather the contents of the grate were thrown all over him. Fortunately he was not badly burned. Martin was assessed \$10 as the keeper of a disorderly house and the inmates \$10 each, while the visitor got off with \$5.
